Staff Summary:

Requested Zoning: The applicant is requesting a rezoning from the “RS-6” Single-Family 6 District to the “IH” Heavy Industrial District on 0.857 acres for the consistency of zoning districts with adjacent parcels also owned by AEP Texas, Inc.

Development Plan: The subject property is comprised of 0.857 acres. The owner is requesting to rezone to the “IH” Heavy Industrial District. The applicant explains that no proposed construction is anticipated for this site at this time. However, AEP Texas, Inc. would like to rezone to the “IH” Heavy Industrial District to maintain consistency with the adjacent parcel that is also owned by AEP Texas, Inc. and zoned “IH” Heavy Industrial District. The adjacent parcel (Lon C. Hill Subdivision, Unit 2, 35.77 acres), currently adjoins Lot 1 along the north and east property boundaries. The subject property has 195 feet of frontage along Hearn Road.

Existing Land Uses & Zoning: The subject property is currently zoned “RS-6” Single-Family 6 and is vacant land. To the north and east, adjacent to the property, is Lon C. Hill Subdivision, Unit 2, 35.77 acres zoned “IH” Heavy Industrial District and is part of a proposed AEP complex. To the south of the property are heavy industrial uses owned and operated by AEP Texas, Inc. and zoned “IH” Heavy Industrial District. To the west is a railroad right-of-way approximately 245 feet in width. Further to the west are single-family residential homes zoned “RS-6” Single-Family 6 District.

AICUZ: The subject property is not located in one of the Navy’s Air Installation Compatibility Use Zones (AICUZ).

Plat Status: The property is platted.

PlanCC & Area Development Plan Consistency: The subject property is located within the boundaries of the Northwest Area Development Plan (ADP). The proposed rezoning to the “IH” Heavy Industrial District is inconsistent with the adopted Future Land Use Map. However, the requested zoning is consistent with the following policies of Plan CC:

- Encourage orderly growth of new residential, commercial, and industrial areas (Future Land Use, Zoning, and Urban Design Policy Statement 1).
- Promote a balanced mix of land uses to accommodate continuous growth and promote the proper location of land uses based on compatibility, locational needs, and characteristics of each use (Future Land Use, Zoning, and Urban Design Policy Statement 1).

Department Comments:

- The proposed rezoning to the “IH” Heavy Industrial District is a corrective measure and amendment to the adopted Future Land Use Map. The requested zoning is consistent with the Northwest Area Development Plan (ADP), Plan CC, and the surrounding zoning district.
- The proposed rezoning is also compatible with neighboring properties and with the general character of the surrounding area. This rezoning does not have a negative impact upon the surrounding neighborhood.
- The property is currently vacant and is a remaining “RS-6” Single-Family 6 tract and has never been developed and is surrounded by the “IH” Heavy Industrial District.
- If the “IH” Heavy Industrial District is approved, any future development will still need to abide by all requirements of the Unified Development Code (UDC).
- Due to the adjacency of a railroad right-of-way, no buffer yard would be required between the adjacent large lot single-family homes.

Planning Commission and Staff Recommendation (January 24, 2018):

Approval of the change of zoning from the “RS-6” Single-Family 6 District to the “IH” Heavy Industrial District.
