

Downtown Street Traffic Signals and Area Improvements BOND 2014, Proposition 2

**Council Presentation
March 27, 2018**

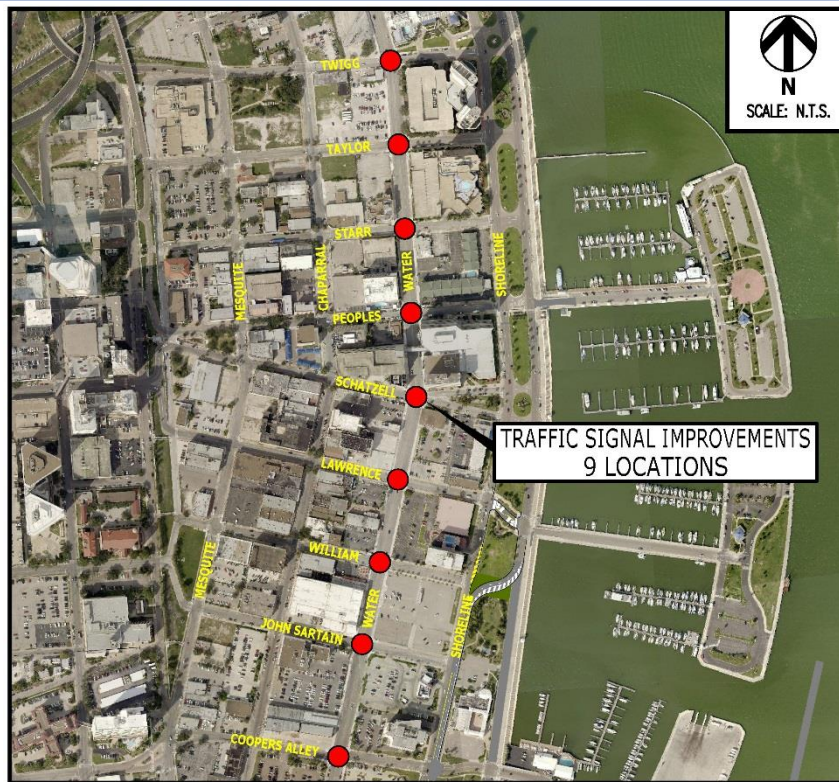

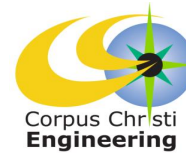

Project Location

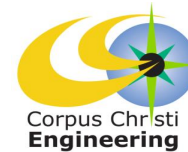

Project Vicinity

Project Scope

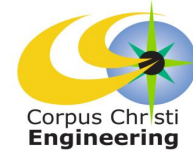

Downtown Street Traffic Signals and Area Improvements includes:

- Replace obsolete traffic signal poles with new and more visible traffic signal poles and mast arms (9-intersections)
 - New pedestrian poles with detectible push buttons and LED countdown units
 - New ground boxes, control cabinets, and conduit
 - New overhead illuminated (LED) street signage
 - Radar presence detectors
 - Optimized traffic signals at 9-intersections, Water Street from Coopers Alley north to Twigg Street
 - Miscellaneous intersection improvements to curb and gutter and sidewalk
-
