**Staff Summary:**

**Requested Zoning:** The applicant is requesting a rezoning from the "CG-1" General Commercial District and "RE" Residential Estate District to the "RS-22" Single-Family 22 District to allow for the construction of a 3,700 square foot single-family residence.

**Development Plan:** The subject property is 0.99 acres in size. The owner is proposing a 3,700 square foot single-family residence with a 4 car garage.

**Existing Land Uses & Zoning:** The subject property is currently zoned "CG-1" General Commercial District and "RE" Residential Estate District and consists of vacant land. The subject property was zoned "CG-1" General Commercial District in 1983 and "RE" Residential Estate District in 1982. The subject property was annexed in 1961 and has remained unplatted since the time of annexation. To the north and west is Real Life Church and is zoned "CG-1" General Commercial District. To the south across Compton Road is Lord of Life Lutheran Church zoned "CG-1" General Commercial District and large tract single-family residences (Oak Terrace Unit 1 Subdivision) zoned "RE" Residential Estate District. To the east is also bordered by large tract single-family residences (Oak Terrace Unit 1 Subdivision) zoned "RE" Residential Estate District.

**AICUZ:** The subject property is not located in one of the Navy's Air Installation Compatibility Use Zones (AICUZ).

**Plat Status:** The property is not platted.

**PlanCC & Area Development Plan Consistency:** The subject property is located within the boundaries of the Flour Bluff Area Development Plan (ADP). The proposed rezoning to the "RS-22" Single-Family 22 District is consistent with the adopted Comprehensive Plan (Plan CC) and the following policies:

- Promote a balanced mix of land uses to accommodate continuous growth and promote the proper location of land uses based on compatibility, locational needs, and characteristics of each use. (Future Land Use, Zoning, and Urban Design Policy Statement 1)
- Encourage residential infill development on vacant lots within or adjacent to existing neighborhoods. (Future Land Use, Zoning, and Urban Design Policy Statement 3)

**Department Comments:**

- The proposed rezoning is consistent with the adopted Comprehensive Plan (Plan CC).

- The proposed rezoning is compatible with neighboring properties and with the general character of the surrounding area. This rezoning does not have a negative impact upon the surrounding neighborhood.
- The property is currently vacant and is a remaining unplatted lot and has split zoning consisting of the “CG-1” General Commercial District and “RE” Residential Estate District. The property is unplatted and has not been developed since annexation in 1961.
- Due to the adjacency to properties zoned “CG-1” General Commercial, a Type C buffer yard will be required along the northern and western property lines. Type C buffer yards consist of 15 feet in width and a 15 point requirement as per the Unified Development Code (UDC).
- If the “RS-22” Single-Family 22 District is approved, the proposed development will still need to abide by all requirements of the Unified Development Code (UDC).

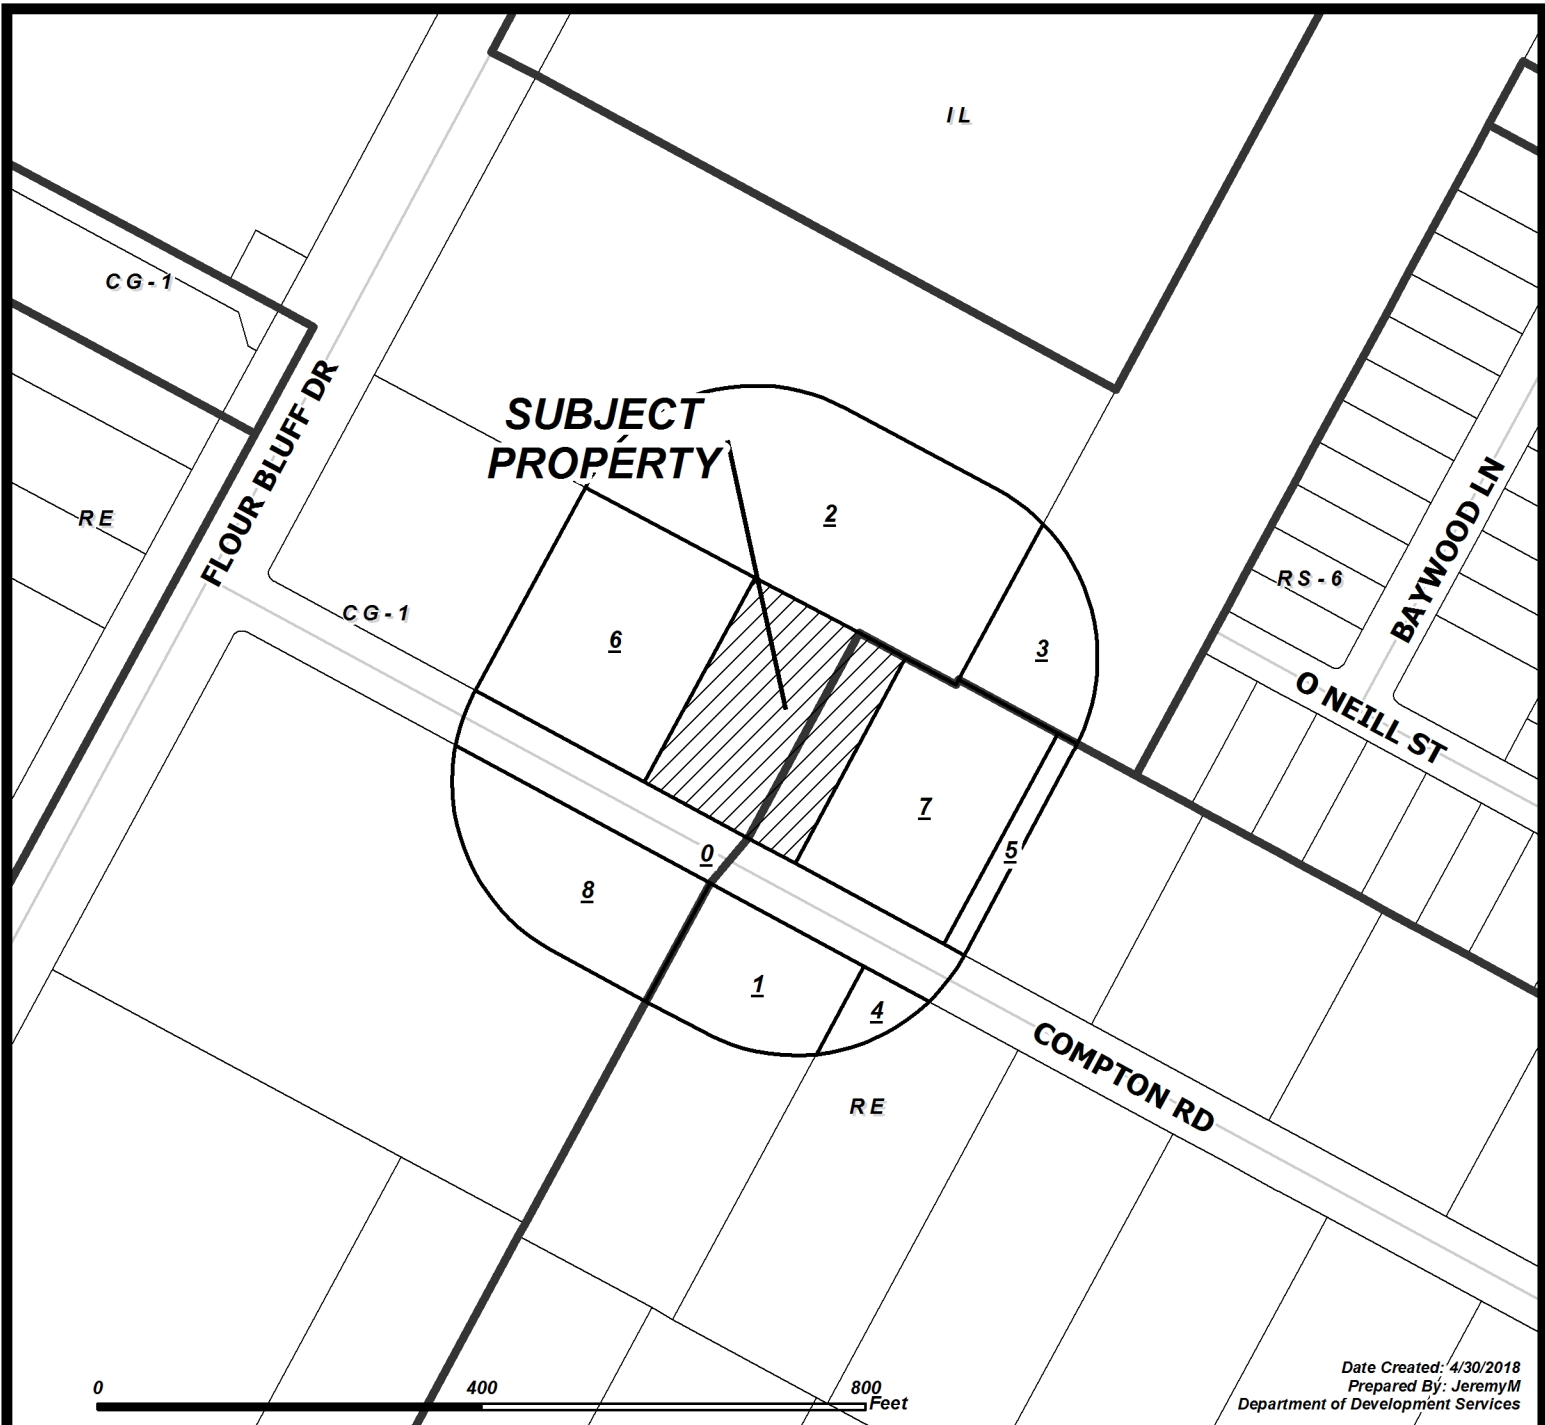

**Staff Recommendation:**

Approval of the change of zoning from the “CG-1” General Commercial District and “RE” Residential Estate District to the “RS-22” Single-Family 22 District.
