Why are you interested in serving on a City board, commission or committee?

This particular board, CC B-Corp., interests me. For years I've experienced roadways that need improvement. I believe it can be done without going bankrupt. There is a right way to steer tax-resources for economic development. This unique approach will turn a profit & minimize wastefulness. Affordable housing shouldn't be perceived as an eyesore, but something valued by their occupant(s). Peak dwelling condition should be maintained from move-in through move-out. Recent events may provide more workers requiring local housing & that, in turn, will increase tax-revenue. The time to act is now & get ahead of the curve; a plan in place will always prevail plans made to re-gain lost ground.
