Interests & Experiences

Do you currently serve on any other City board, commission or committee at this time? If so, please list:

I do not serve on any other City board, commission or committee at this time. This will be my first attempt at applying to get on a City Advisory Committee. Although, I have been involved in the community in the past. I have a long history of volunteering for the National Seashore and Texas Parks and Wildlife.

Education, Professional and/or Community Activity (Present)

I have a Bachelor of Science in Biology and a Master of Arts in Communication. This combination, I feel, will make me a unique addition to this advisory committee. With my bachelor's degree, I worked as an animal trainer for the Texas State Aquarium, a Biological Science Technician for the National Seashore Turtle Lab and as a Hack Site Attendant for the Peregrine Fund. All three positions gave me an understanding of the unique wildlife and recreation areas Corpus Christi has to offer. I currently work as a Communications Manager for A&M-Corpus Christi. In this position, I am responsible for promoting the accomplishments of the College of Science and Engineering, the College of Nursing and Health Sciences and the University's Research Institutes. I constantly work with our professors, research scientists and students to help them communicate their work to the community in a way that is easily understood.

Why are you interested in serving on a City board, commission or committee?

I have lived in Corpus Christi since 2005 and since I have become more involved with Texas A&M-Corpus Christi, I have learned about the importance of the University/City partnership. For the past several years, I have increasingly felt like Corpus Christi is my town. With its beautiful beaches, the addition of the Oso Wetlands Preserve and the unique animals that call this their home, my appreciation for this City has grown. I would like to be involved with the Parks and Recreation Advisory Committee because I believe this will allow me to help other grow the same appreciation for the outdoors that I have and that I know the rest of the Committee members have.

Board-specific questions (if applicable)

City of Corpus Christi
1201 Leopard St.

Dear Corpus Christi City Officials,

Please accept this letter of support for **Casandra Lorentson's** application to join the Parks and Recreation Advisory Committee. I have known Casandra as a fellow communications professional locally for nearly five years now. During that time, she has impressed me with her strong communication skills, intelligence, and motivation to take initiative. These qualities are crucial to being an effective PRAC member. If the Parks and Recreation Department needs anything right now, it's strong communication. Her perspective in this area will be valuable.

I believe Casandra is volunteering for the right reasons – a genuine desire to lend her considerable talents to serving her community through helping to improve the parks and recreation system. She will be a solid choice to serve on PRAC.

Sincerely,

A handwritten signature in black ink that reads "Alissa Mejia". The script is fluid and cursive, with the first letters of the first and last names being capitalized and prominent.

03/11/13 TO PRESENT. 40HRS PER WEEK.
SENIOR AVIATION ACCIDENT INVESTIGATOR, GS-1801-12
CCAD, P34C0, SUPERVISOR: MR. CAUSEY [REDACTED]

I participate in operations and investigations involving complex aircraft and their systems. I recognize safety hazards or potentially dangerous conditions to make recommendations for immediate remedial action. I conduct quality equipment failure analysis on projects involving current and modified weapon systems.

I develop, arrange, and monitor laboratory studies and tests of failed or malfunctioning parts to isolate the causes of failure. I provide technical guidance and safety recommendations to junior investigators and maintenance team members during the initial accident investigation and recovery. I provide technical guidance during the disassembly process of the crash damaged and/or Product Quality Deficiency Report (PQDR) Projects. I have testified both in person and by deposition in litigation regarding personal observations made during investigations and content or published reports. I have met and dealt with the public and media tactfully and effectively under difficult circumstances.

I deal impartially and diplomatically with individuals or groups of varying interests in the conduct of their work or to fulfill a particular mission. I utilize judgment and initiative in guiding junior investigators to accomplish required duties. I keep supervisors apprised of progress and of potentially controversial matters. I establish plans of action and milestones to ensure a group can achieve its goals on time.

Interests & Experiences

Education, Professional and/or Community Activity (Present)

I graduated Texas Tech University in Lubbock, TX May 2006 with a bachelors degree in Communications and a minor in English.

Why are you interested in serving on a City board, commission or committee?

I really truly feel that Corpus Christi has immense potential. I feel as though there are things that could be done to improve the overall family community experience, and I believe that I can bring new, exciting, and reasonable improvements to this growing city. I have true intentions, and want nothing more to help grow Corpus in to what I really feel it could be. I am happy to send in a resume in a subsequent email. I have not recovered it since our move in December. Thank you for your time, Hileigh Shaw

Education, Professional and/or Community Activity (Present)

Bachelor of Science Business Trinity University magna cum laude

Why are you interested in serving on a City board, commission or committee?

I am interested in serving on the Parks and Recreation Advisory Committee because I feel passionate about our Corpus Christi parks. I grew up in a neighborhood very close to the downtown area of a large city. It was the carefree time spent in nearby parks with my grandfather that created my fondest childhood memories. On family trips, our itinerary has always been built around as many stops at parks as possible, be they National Parks or regional. I treasure the memories of weekends my family drove to the coast, and I spent time with my parents, grandparents, and sisters at North Beach. One of my favorite things about beautiful Corpus Christi is, and always has been, the open green space provided by its many parks. I especially love the parks along the Bay, and the Oso Bay Wetlands Preserve. The smaller neighborhood parks scattered about the City provide respite for the eyes from structure, concrete and asphalt. They offer an opportunity for busy families, even on a weekday after work, to briefly get outdoors close to home for some fresh air, exercise, and much-needed bonding time. Even now, as I'm working in different parts of our City, or driving between appointments, I often prefer to brown bag and pull over in one of our parks for my 20-30 minute lunch break, rather than dining out for lunch and waiting to be served. Just those few moments, spent enjoying the view of open green space, bring my mood and energy up for the rest of the afternoon. All this time spent in parks has not only given me a love of our parks, but I believe it has given me a unique perspective as well. I believe we know best what we spend time on, and I have logged many hours over my lifetime in parks, including our local parks. I have a background in business, including financial accounting, and in real estate. I have training and experience in the fitness field. I believe the combination of those skills, knowledge, and experience may be of benefit to our City, especially in service on the Parks and Recreation Advisory Committee. I would love to use what I have learned, and my enthusiasm for the outdoors, to encourage more people in our fair City to get out and enjoy our parks, and to help find ways to preserve our open spaces for all of us now, and for future generations to come.
