Cc: Plat Application; Mostaghasi, Moses
Subject: Plat Approval Extension - Royal Creek Estates Unit 8

Greg:

I hereby request that the planning commission grant a six-month time extension of approval of the subject plat at its next meeting. The plat was approved by the PC on February 21, 2018. This request is made as we have not yet received approval of submitted construction plans nor have reimbursement agreements been completed for street oversizing and grid main water construction. I will send you a check for \$38 for filing fee for this request today.
