# Project Vicinity Continued

# Project Scope

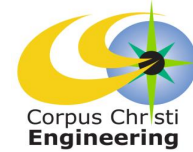

This is a joint FAA/City project with 90/10 construction cost sharing for full reconstruction of two pavement sections on the Terminal and East General Aviation (GA) Aprons with additional pavement rehab on the Terminal apron. A summary of the project is below:

- Bid with two Base Bids
  - ✓ Base Bid 1 is for PCC (Recommended)
  - ✓ Base Bid 2 for HMAC
- Full reconstruction of approximately 19,700 SY on Terminal Apron and GA Apron
- Pavement rehabilitation of approximately 58,000 SY on the Terminal Apron with full and partial depth repairs, crack repairs, and expansion joint rehab
- Minor electrical upgrades for airfield lighting and signage
- New pavement markings and miscellaneous improvements
- ❖ Although only one bid was received, it is recommended for award based on a determination of a fair and reasonable price under competitive pricing and it is not anticipated that rebidding will result in additional bids or lower price. The award delay may also jeopardize the joint funding from FAA.

# Project Schedule

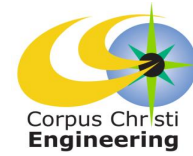

| 2018          |   |   |   |   |   | 2019         |   |   |   |   |   |   |   |
|---------------|---|---|---|---|---|--------------|---|---|---|---|---|---|---|
| J             | A | S | O | N | D | J            | F | M | A | M | J | J | A |
| Bid/<br>Award |   |   |   |   |   | Construction |   |   |   |   |   |   |   |

**Project Construction Estimate: 10 Months**

Projected Schedule reflects City Council award in September 2018 with anticipated completion in August 2019.
