### Urban Transportation Plan (UTP) Amendments

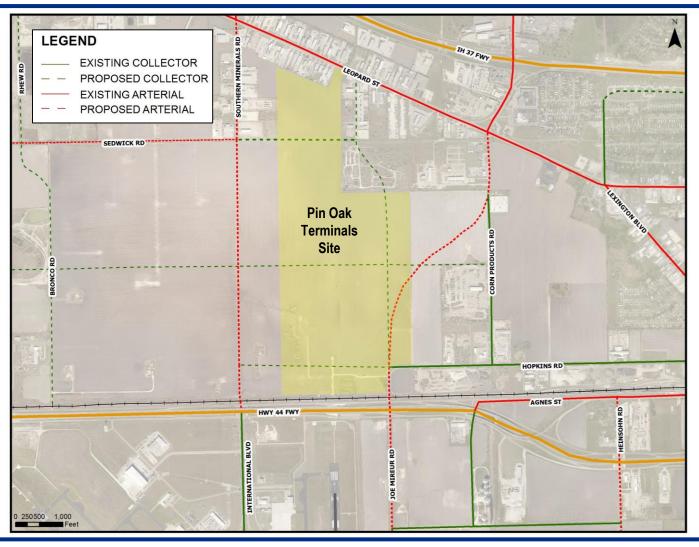

#### For Alpine Street, Corn Products Road, Sedwick Road, Diamond Cut Drive, Hopkins Road, and Joe Mireur Road

City Council Presentation November 27, 2018

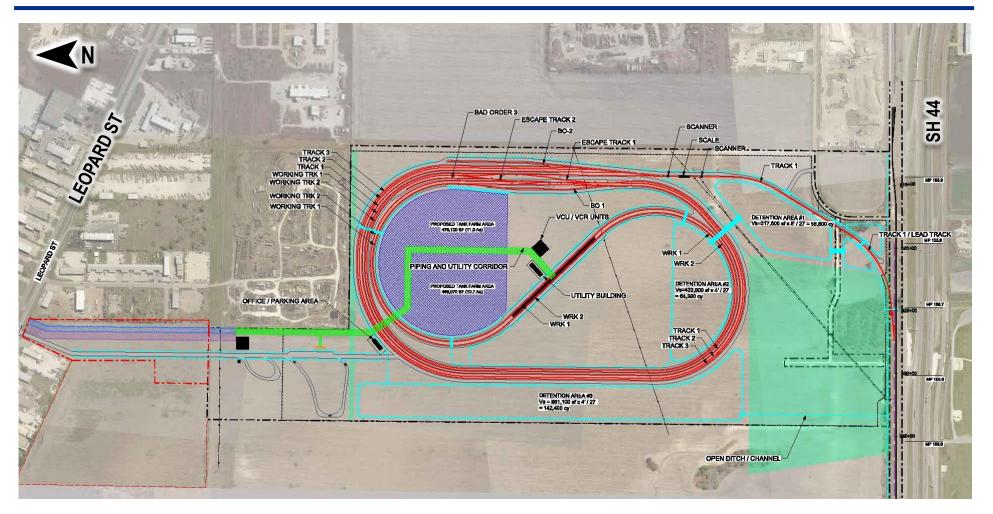

# Subject Property/UTP

### Site Plan

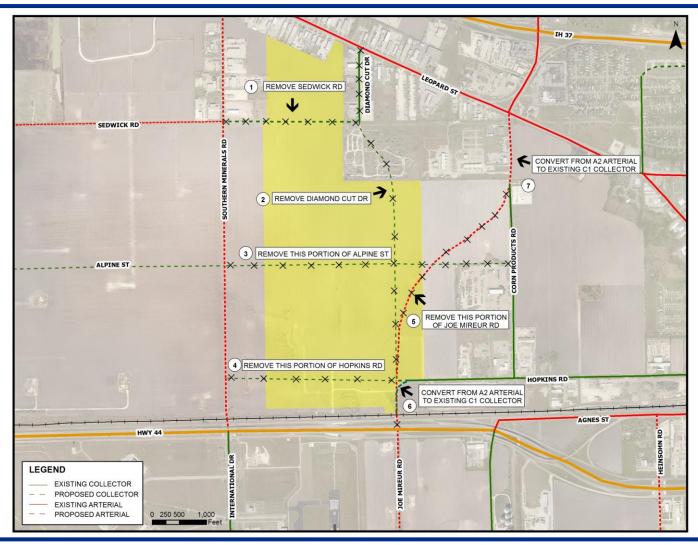

Scope

Proposed Development by Pin Oak Terminals:

- Approximately 378-acre industrial facility for wholesale storage and transfer of petroleum based products.
- Includes construction of a rail facility that connects to existing KCS railroad along SH 44
- ≻Affects six roadways on the UTP

## Proposed Amendments

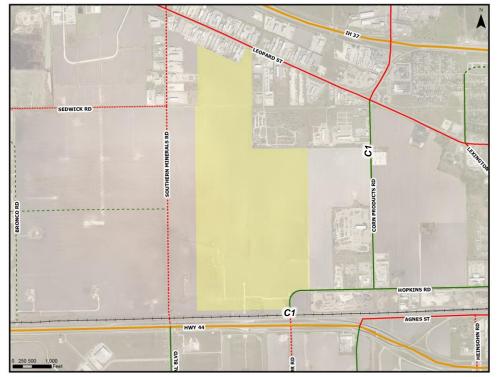

### **Proposed Amendments**

#### Current Plan

- EXISTING ARTERIAL
- - PROPOSED ARTERIAL

Recommendation

### Approval of the amendments for the following reasons:

- Maintains an adequate transportation network for the future land use plan:
  - For large tract industrial developments; and
  - For an area where no significant destination nodes or trip generators exist.
- Reduces conflicts with Corpus Christi International Airport's operations and existing pipeline and electrical easements.
