Staff Summary:

Requested Zoning:

The applicant is requesting a rezoning from the "CN-1" Neighborhood Commercial District to the "CG-2" General Commercial District to allow for the construction of an automated car wash.

Development Plan:

The subject property is 0.77 acres in size. The owner is proposing an automated car wash.

Existing Land Uses & Zoning:

The subject property is currently zoned "CN-1" Neighborhood Commercial District and consists of vacant land. The subject property was annexed in 1954 and was a portion of the former Cullen Mall opened in 1963. The former indoor mall was closed in 1995 and demolished in 1999. To the north is a commercial property (Navy Army Credit Union, CVS Pharmacy, and a shopping center) zoned "CN-1" Neighborhood Commercial District. To the south across Belmeade Drive is a church (St. Bartholomew's Episcopal Church) zoned "RS-6" Single-Family 6 District. To the east are vacant commercial properties (former Cullen Mall site) zoned "CN-1" Neighborhood Commercial District. To the west across Airline Road is a multifamily apartment complex (Greenbrier Place Apartments) zoned "ON" Neighborhood Office District.

AICUZ:

The subject property is **not** located in one of the Navy's Air Installation Compatibility Use Zones (AICUZ).

Plat Status:

The property is platted.

Utilities:

Water: 8-inch ACP line located on-site.

Wastewater: 8-inch VCP line located on-site.

Gas: 2-inch Service Line located along Airline Road.

Storm Water: Existing inlets located along Airline Road and Belmeade Drive.

PlanCC & Area Development Plan Consistency:

The subject property is located within the boundaries of the Midtown Area Development Plan (ADP), formerly known as the Southeast Area Development Plan (ADP) and is

planned for commercial uses. The proposed rezoning to the “CG-2” General Commercial District is inconsistent with the adopted Comprehensive Plan (Plan CC) in relation to the proposed use. The following policies should be considered:

- Promote a balanced mix of land uses to accommodate continuous growth and promote the proper location of land uses based on compatibility, locational needs, and characteristics of each use. (Future Land Use, Zoning, and Urban Design Policy Statement 1)
- Encourage orderly growth of new residential, commercial, and industrial areas. (Future Land Use, Zoning, and Urban Design Policy Statement 1)
- Encourage the design of commercial centers in a manner that minimizes the impacts of automobile intrusion, noise and visual blight on surrounding areas. (Future Land Use, Zoning, and Urban Design Policy Statement 3)
- Screening fences, open space or landscaping can provide an essential buffer between shopping and residential areas. (Future Land Use, Zoning, and Urban Design Policy Statement 3)
- Lighting from non-residential uses should be directed away from residential areas (Southeast ADP, Policy Statement B.2)
- Noise impacts from non-residential uses should be reduced by creating a buffer open space between the two areas. Such spaces may be landscaped areas, a street, a screening fence, larger setbacks, etc. These methods can be used singularly but are usually most effective when applied in combination to provide the desired effect. (Southeast ADP, Policy Statement B.2)
- Placing low intensity activities next to single family uses. (Southeast ADP, Policy Statement B.2)

Department Comments:

- The proposed rezoning is inconsistent with the adopted Comprehensive Plan (Plan CC) in relation to the proposed use.
- The proposed rezoning is incompatible with neighboring properties and with the general character of the surrounding area. The proposed use (automated car wash) does not have a negative impact upon the surrounding neighborhood.
- Existing commercial properties to the north and east are zoned “CN-1” Neighborhood Commercial District.
- The “CG-2” District opens the possibility of more intense commercial uses such as Mini-Storage, Bars, and Night Clubs adjacent to single-family residences.
- An automated car wash with a single wash bay is a low impact commercial use. The limited hours of operation of 7 a.m. to 9 p.m. would reduce the chance of any potential negative impacts from occurring.
- If the “CG-2” General Commercial District is approved, the proposed development will still need to abide by all requirements of the Unified Development Code (UDC).

Staff Recommendation:

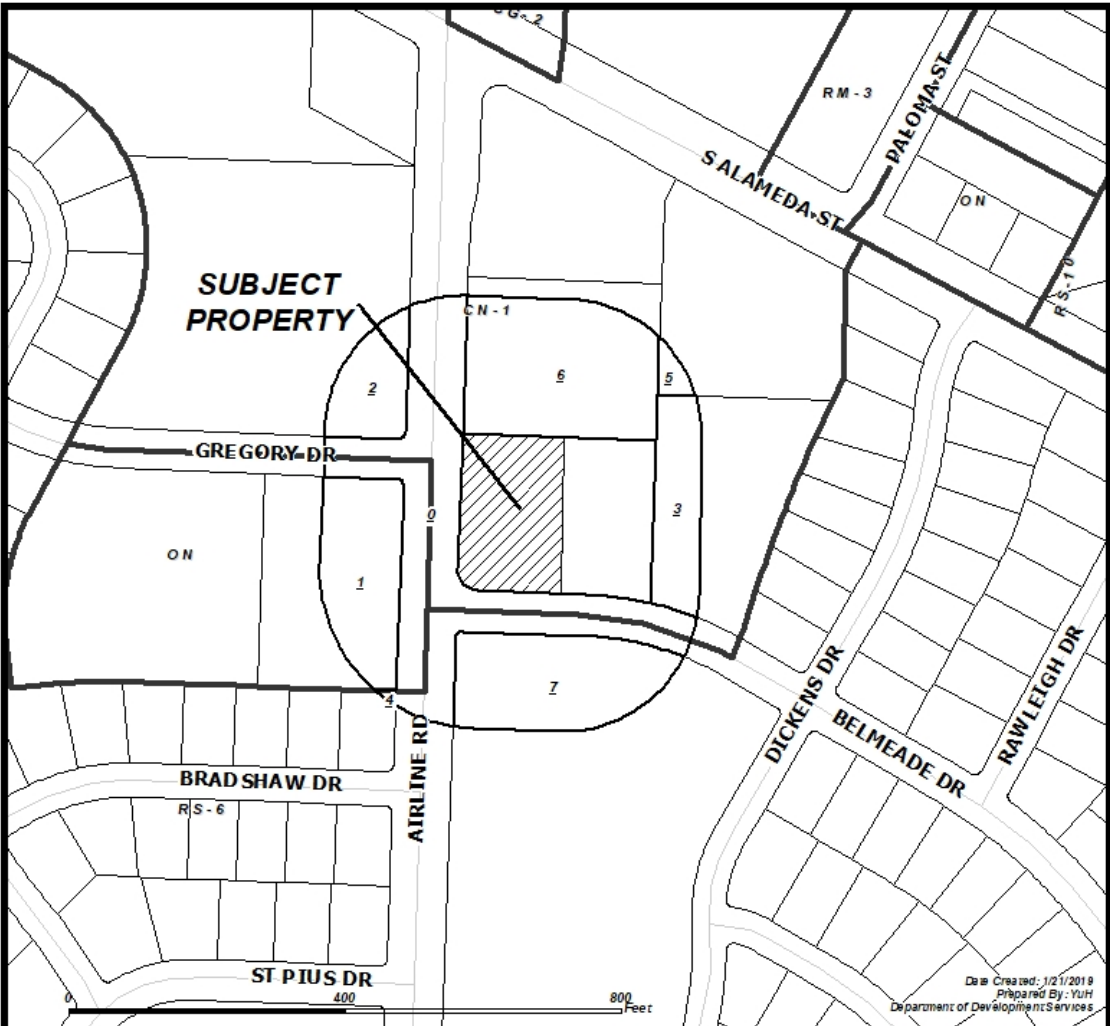

Denial of the change of zoning from the “CN-1” Neighborhood Commercial District to the “CG-2” General Commercial District, in lieu thereof, approval of the “CN-1/SP” Neighborhood Commercial District with a Special Permit (SP) with the following conditions.

1. **Uses:** The only uses authorized by this Special Permit other than uses permitted by right in the base zoning district is “Car Wash, automated” as defined by the Unified Development Code (UDC).
2. **Hours of Operation:** The hours of operation shall be daily from 7:00 AM to 9:00 PM.
3. **Dumpster Screening:** Any dumpster located on the Property shall be effectively screened from view by means of a screening fence or landscaping.
4. **Other Requirements:** The Special Permit conditions listed herein do not preclude compliance with other applicable UDC, Building, and Fire Code Requirements.
5. **Time Limit:** In accordance with the UDC, this Special Permit shall be deemed to have expired within twelve (12) months of this ordinance, unless a complete building permit application has been submitted, and the Special Permit shall expire if the allowed use is discontinued for more than six consecutive months.
