

Packery Channel Monitoring (Packery Channel TIRZ #2)

Council Presentation
March 19, 2019

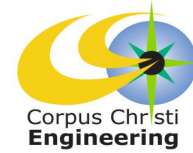

Project Location

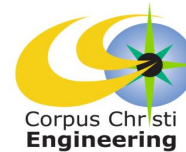

Project Vicinity

Project Scope

Packery Channel Monitoring Program (PCMP) is set up to achieve the following objectives:

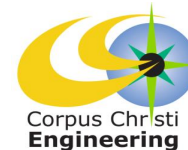

- Avoid unnecessary dredging and associated costs by not dredging on a regular schedule but only when required, based on survey and analysis
- Maintain a safe and navigable waterway
- Meet agreements with TGLO for beach management

The PCMP consists of the following activities:

- Three seasonal investigations of shoaling and scour in the channel and Gulf of Mexico
 - Annual survey to monitor changes in the width/depth of the inland channel segment and beach width/volume
-
