Dreams and Aspirations

Writer of the book in progress, "A Flight to Freedom," to be followed by a motion picture cast in Romania, Corpus Christi, TX and other world places. When finalized and approved by publisher and producer as being ready I will present it to the George W. Bush Presidential Library in Dallas, where I am a Charter Member, for signing and fundraising for the "Fight to Freedom" section helping with the fundraising for other immigrants who will want to share their life story of struggle and success. The book is a real life motivational story of my own struggles and success as an immigrant, to follow and accomplish my dream in the free world.

Education, Professional and/or Community Activity (Present)

I am currently the Dean of Learning Resources for Del Mar College, where I oversee the Library, Distance Education, and Writing Center departments. I hold a Master's degree in English from the University of Texas -- Pan American and a Master's of Library Science degree from the University of North Texas. I am active in my profession, and am the Past President of the Consortium of College and University Media Centers, a past Board member of the Texas Council of Academic Libraries, and a current member of the Texas State Library and Archive Commission advisory board for the TexShare program.

If you applied for multiple boards, which boards are you most interested in serving on, in order of preference? (Limit to top three)

1. Parks and Recreation Advisory Committee or Mayor's Fitness Council 2. Arts and Cultural Commission

Why are you interested in serving on a City board, commission or committee?

As a citizen of Corpus Christi, I want to contribute to a thriving and vibrant community. One of the ways that I can best do that is to volunteer to serve on a committee or commission in areas where I have a passion and experience. I am active and try my best to be physically fit. I believe in life-long fitness activities. I enjoy running, bicycling, stand up paddle boarding, kayaking, and hiking, among many other activities. In addition, I am an avid supporter of the arts, having a Master's degree in English. Whenever possible, I enjoy attending music concerts, dramatic productions, and art events, and I believe the arts are a great contributor in making a community vibrant and appealing. For these reasons, I believe the committees and council I have chosen are good fits for my experiences and interests.

Why are you interested in serving on a City board, commission or committee?

I believe it is important for citizens to be involved in City governance. I believe in volunteerism and am passionate about advancing Corpus Christi by working with City departments, and City Council. Past member and Chair of the Padre Isle POA Architectural Control Committee. I have served as the District 4 representative on the 2015/16 City Charter Ad Hoc Review Committee. The committee is temporary, serving from September to June, and is commissioned by Council every 5 years. The charge of the committee is to review amendments to the City Charter, such as term limits, council pay structure, residential street repair funding, and various changes to the Charter based on feedback from the City Attorney's office.

Howard L. Schauer hails from Texas. Currently serving as a Department of Navy Civilian at Naval Air Station Corpus Christi with the Public Works Department. In September 2017, I retired as a Colonel from the Texas Military Forces after serving for 35 years. During the 35 years I worked in Oklahoma, Nebraska, Virginia and Texas where I honed my skills in facilities maintenance, management, project management, planning, programming and budgeting for military construction projects using the DD 1391 process. My deployed time really ignited my problem solving skills and my desire to improve life for those in need.

Early in my military career, I was fortunate to train in Jamaica where our Combat Heavy Engineer unit conducted Humanitarian Assistance to the populous in the aftermath of Hurricane Gilbert. Our mission worked in concert with the U.S Embassy and the Jamaican Government to rebuild roads, schools, medical clinics. This facilitated the real work of rebuilding the lives of the courageous and strong people while allowing the government of Jamaica provide basic elements for its people.

Between 2003, and 2016; I completed three combat tours to Afghanistan including numerous short tours, equaling 42 months of boots on the ground in country. In my first tour, I worked with U.S. Army Corps of Engineers to complete over \$53 Million U.S. Dollar construction projects to support the infrastructure for Afghan Security Forces, U.S. and Coalition Forces. Construction included barracks, dining halls, a 30-megawatt diesel power plant, roads, canals, diversion dams, and many other structures that protected villages from mudslide, earthquake damage, and watershed damage from heavy rains and snowmelt.

2008 a unique challenge in working with the U. S. State Department, U. S. Aid for International Development, U. S. Department of Agriculture, Ministry of Agriculture Irrigation and Livestock, 17 U.S. States, 12 Land Grant Universities and many Non-governmental organizations and foreign countries to undertake the Afghanistan Agricultural Development Team Mission. Over the course of the mission 3225 military personnel and 30 civilians deployed in supporting various stakeholders to assist farmers to increase productivity, and food security and decreasing insurgent activities thereby improving safety in the region.

The 2016 deployment to Kandahar Airfield brought even greater challenges. Shortly after arriving, insurgents suddenly occupied specific supply routes to a strategic base camp. This greatly disrupted the roads, fuel, and supply corridors. Without fuel, operations within this U.S Strategic interest would cease endangering allied forces and to their missions. The short-term solution was to supply fuel via U.S rotary wing aircraft. I worked through channels with the NATO Support and Procurement Agency, and obtained civilian assets to airlift 20 thousand gallon of fuel on a daily basis until the missions were completed. This change allowed for better optimization of U.S. Forces and to- date there have been 400 missions completed without loss of life or equipment.

The past 35 years in both civilian and military jobs I have refined my leadership skills, and to be a well-rounded manager that can solve problems meet the mission or tasks at hand without compromising the safety or lives of those on my team or teams we were supporting. I have stood the watch to receive displaced persons from Hurricane Katrina, and wildfires in western states. I have worked in the emergency operations center in Washington D.C during Super Storm Sandy. I understand the Chain of Command, leadership and the only way to do something is the right way.

WORK EXPERIENCE

Supervisory Facilities Operations Specialist (PGM MNGT) (GS-1640-12) April 2005 – January 2007 Oklahoma Military Department, 3501 Military Circle NE, Oklahoma City, Oklahoma, Supervisor: COL (Ret) Lloyd Roberts (580-716-0487). 40 Hours per week: My position with responsibility for the identification and development requirements of operating budgets for statewide maintenance, repair, and minor construction projects for the Oklahoma Army National Guard facilities. These encompassed nearly two million square feet of facilities under cover (roof). Directly supervised maintenance contracts and building trades personnel (electrical, HVAC etc.) in routine preventive maintenance checks and services of building systems. As a certified OSHA inspector implemented multiple health, life and safety corrective measures thus allowing the facilities to maintain national, state and local building standards.

Accomplishments:

- ~ Project Manager for \$12.3 million-dollar construction of the Sand Springs Armed Forces Reserve Center, which was \$1 million USD under budget and within period of performance
- ~ Project Manager for \$6.2 million-dollar construction of the 90th Troop Command Multi-Unit Readiness Center, which was \$600 thousand dollars under budget and substantial completion within allotted period of performance
- ~ Researched and prepared five each 1390/91s (estimated total of \$220 Million) for submission to Congress under the 1995 Base Realignment and Closure Commission (BRAC)
- ~ Established electronic databases to track all maintenance and repair work orders to pinpoint areas to gain efficiencies, extend 2065 federal funding, and state funding of statewide supported facilities
- ~ Supervised all maintenance and repair activities including federal, state employees and contractors tasked with performing general facility maintenance discipline activities
- ~ Worked extensively with Camp Gruber Training Center leadership for programming, design and execution of Machinegun Training Range Complex Project
- ~ Chaired Selection Committee for IDIQ A&E Services for delivery of State-wide projects

Civil Engineering Technician, (PGM- MNGT) (GS- 0802-09) November 2001- March 2005

Oklahoma Military Department, 3501 Military Circle, Oklahoma City, Oklahoma, Supervisor:

COL (Ret) Lloyd Roberts (580-716-0487). 40 Hours per week: As a Civil Engineering Technician, duties included reviewing architectural drawings coupled with engineering plans and specifications as they related to facilities most often required by National Guard Bureau design standards and criteria. Oklahoma Army National Guard facilities design and construct facilities in accordance with the Unified Design Criteria set forth by the Department of Defense to promote and advance the readiness of the units to accomplish their assigned missions. Critical tasks associated with this job included coordinating with outside contracted professional engineers to ensure all authorized design criteria met or exceeded Anti-Terrorism Force Protection, Master Plans, Army Stationing Installation Plan (ASIP) and Real Property and Analysis System (RPLANS). Supervised the review of facilities for sustainment, restoration and modernization (SRM) standards in relationship to the current Long Range Construction Plan and Future Years Defense Plan.

Accomplishments:

- ~ Established and implemented a 25-year Real Property replacement plan based on existing Real Property Inventory Listing considering infrastructure data, which included age of facility, current and future use of facility, based on force structure formations, current Installation Status Report and past maintenance and repair costs.
- ~ Implemented a yearly 100% inspection of all facilities in accordance with DOD Installation Status Reporting system
- ~ Project Manager for statewide roof repair by replacement program utilizing State of Oklahoma Bond monies, which required close coordination's with state contracting personnel, roofing contractors, Architect/Engineer of Record and building occupants for execution of projects

Education, Professional and/or Community Activity (Present)

I graduated Texas Tech University in Lubbock, TX May 2006 with a bachelors degree in Communications and a minor in English.

Why are you interested in serving on a City board, commission or committee?

I really truly feel that Corpus Christi has immense potential. I feel as though there are things that could be done to improve the overall family community experience, and I believe that I can bring new, exciting, and reasonable improvements to this growing city. I have true intentions, and want nothing more to help grow Corpus in to what I really feel it could be. I am happy to send in a resume in a subsequent email. I have not recovered it since our move in December. Thank you for your time, Hileigh Shaw
