

Frost Bank Emergency Generator Replacement

Council Presentation
July 16, 2019

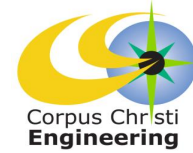

Project Location

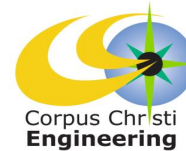

Project Vicinity

Project Scope

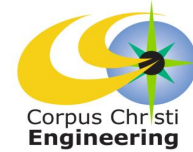

The scope of work for this project involves the removal of the existing 400kW diesel emergency generator and replaced with a new 500kW natural gas emergency generator. The scope includes:

- New concrete pad
- 1600 amp automatic transfer switch
- Electrical service upgrades
- Miscellaneous improvements
- Temporary generator (if needed during construction)
