If you applied for multiple boards, which boards are you most interested in serving on, in order of preference? (Limit to top three)

1) Type A 2) Type B

Why are you interested in serving on a City board, commission or committee?

I believe my background and experiences will serve the Type A and B boards, in their service to the city of Corpus Christi. I will bring a unique perspective as a female member of the board, and a wealth of financial and accounting experience from my time as the CFO of Hogan Homes, at Pricewaterhousecoopers, and Deloitte and Touche. I also understand the particular challenges business owners face, who seek a local educated workforce, and am driven to provide continued job opportunities here in Corpus Christi. I also understand the hurdles of relocating a business, having recently moved our permanent headquarters in the HUBZone of Downtown Corpus Christi. As a resident of Corpus Christi, I firmly believe in the judicious preservation of the community and will work to ensure that funds allocated will be done with a short and especially long term vision for Corpus Christi. I will be mindful that the funds distributed are taxpayer dollars, entrusted to the city to be spent wisely to serve the public and the interest of the public good. I will carefully evaluate all expenditure requests and needs proposed to the Type A and B boards as well the background information concerning the request, in order to ensure that tax payer dollars are allocated equitably and towards the best interest of Corpus Christi's residents. As a board member, I will always be available to our City Council Members to discuss ideas, opinions, and input on all matters the Type A and B boards will cover and to those we serve.

Objective

Seeking to obtain a position as a city councilman and a Corpus Christi City Representative, where my skills, experience and knowledge can be effectively and fully utilized in the industry. I want to learn more about cranes. I am goal driven, motivated, consistent, and hard working with strong safety values.

Summary

I have been working in the oilfield in wireline services for 6 months. I have not been running cranes as much as I would like. I have learned a lot about the oilfield and want to work strictly with cranes. Before I was working as a project manager/Salesman for different roofing companies since 2005. I have learned about all forms of roofing from the installing process to the material warranty's and structural capabilities. Selling roofs has really been challenging with the door to door sales, Insurance Negotiations and roofing installation management. I started my sales career selling health club memberships in Carson City in 1997 for Carson City fitness and aerobics. I have been in Sales cold calling sales for 20 years. I have 12 years of sales and construction management experience and am a team player.
