

# Water Line Replacement Program

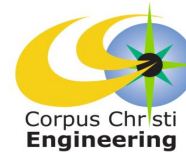

Council Presentation  
August 20, 2019

# Project Scope

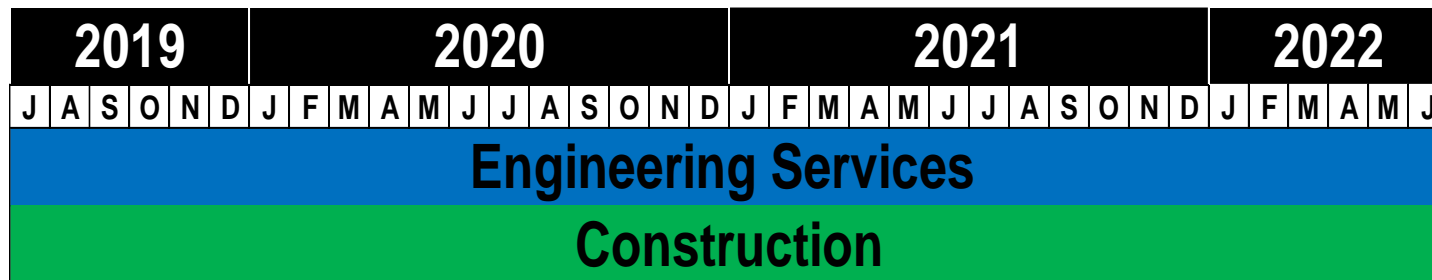

Water IDIQ construction contract to implement various water line improvements for small diameter pipelines citywide that includes:

- New waterlines by open trenching, pipe bursting, boring, horizontal directional drilling boring
- New fire hydrants, valves, fittings
- Surface restoration of roadways, sidewalks, and other miscellaneous improvements

# Project Schedule

## Project Estimate: 36 Months

Projected Schedule reflects City Council award in August 2019 with anticipated completion in September 2020 for the base year contract. There are two one-year extensions based on satisfactory performance and available funds.
