If you applied for multiple boards, which boards are you most interested in serving on, in order of preference? (Limit to top three)

N/A

Why are you interested in serving on a City board, commission or committee?

I am interested in serving as a commissioner of the Port Authority of Corpus Christi of Nueces County, Texas because I believe that the continued development, growth and accomplishments of the Port of Corpus Christi is the single most important factor in the success of the City of Corpus Christi and its surrounding community. As a lifelong resident of Corpus Christi, I have witnessed the economic development, environmental stewardship, educational opportunities and creation of jobs generated by the ever-evolving Port of Corpus Christi. Each of these achievements directly benefit our City. Serving as a Port Commissioner and implementing policy which will secure future successes so vital to our community is a unique opportunity which I will dedicate my time and efforts to as well as provide a diverse acumen to the Commission. My professional, community service and personal experiences draw me to serve the city I love and appreciate, a community deserving of the title "The Energy Port of the Americas" and a Port Commission with vision to lead a global energy marketplace.

Verification

City Code Requirement - Residency

As a board, commission, or committee member, you will be asked to adhere to City Code of Ordinances, Section 2-65, which states that all members of City boards and commissions, including ad hoc committees, appointed by the City, must be residents of the city. A move outside the city limits of the city by any member shall constitute automatic resignation from the particular board or commission on which such member served.

☒ I Agree

City Code Requirement - Attendance

As a board, commission, or committee member, you will be asked to adhere to City Code of Ordinances, Section 2-61, which provides that absences from more than 25% of regularly scheduled meetings during a term year on the part of any board, commission, or committee member shall result in an automatic termination. An absence shall be deemed unexcused unless excused by the board, commission or committee for good cause no later than its next meeting after the absence.

☒ I Agree

Consent for Release of Information

I understand that if any member of the public makes a request for information included in this application or in any attachment (e.g. resume or supporting documentation) for appointment it is subject to and must be disclosed under the Texas Public Information Act. I understand that under the Texas Public Information Act, my home address and home telephone number is subject to public disclosure unless I am elected or appointed to the position which I seek. I hereby consent to the release of my home address and home telephone number should it be requested under the Texas Public Information Act prior to my possible appointment or election. I hereby release the City of Corpus Christi, and its agents, employees and officers, from any and all liability whatsoever if the information must be released pursuant to the Texas Public Information Act.

☒ I Agree

Oath

I swear that all of the statements included in my application and attached documents, if any, are true and correct.

☒ I Agree

Canales & Simonson, P.C.

Patricia Canaels Bell

Canales & Simonson, P.C.

Canales & Simonson, P.C. is a general litigation firm engaged in trial and appellate practice before the State and Federal Courts. Canales & Simonson, P.C. has a diversified, international clientele and provides representation in a broad range of criminal and civil actions including personal injury, civil rights, oil and gas litigation, toxic torts and business torts.

Patricia Canales Bell, Shareholder

Mrs. Bell is a shareholder in Canales & Simonson, P.C. and has experience in state and federal litigation. Over the past 25 years, she has built a general litigation practice before United States District Courts and Texas State Courts in both civil and criminal matters. Mrs. Bell has represented individuals and corporations in complex litigation and class actions. Her practice includes representation of corporate entities and individuals involved in energy, civil rights and product liability litigation. Such clients include ExxonMobil Corporation, The King Ranch, Inc., The John G. Kennedy Charitable Trust, Alice Environmental Services, LLP, Texas Energy Services, LLC, EOG Resources, Inc., Voestalpine Texas, LLC, BFI, Inc. and Uranium Resources, Inc. Specific to South Texas, such claims involve oil and gas disputes, alleged environmental contamination, personal injury claims, land disputes and contract issues.

2601 Morgan Avenue
Corpus Christi, Texas 78405
361-883-0601
361-884-7023 telefax
pcb@canalessimonson.com

Apart from business torts, Mrs. Bell has represented Big F., Inc., Freddie Records, Inc., Marfre Music Publishing and their executives in litigation relating to copyright infringement and claims involving underpayment of music and publishing royalties and breach of contracts.

Mrs. Bell continues to represent the City of Corpus Christi in litigation regarding alleged civil rights violations by individual police officers and the Corpus Christi Police Department.

In March 2015, Mrs. Bell expanded her law practice to include civil mediation services. In compliance with the Alternative Dispute Resolution Procedures Act, Texas Civil Practices & Remedies Code §154.052, Mrs. Bell has completed the forty (40) hour mediation training course through the Dispute Resolution Center in Austin, Texas. To date, she has mediated over 125 disputes including those involving personal injury, probate disputes, breach of contract claims, medical mal practice claims, construction defect claims, and real estate claims.

Professional Engineers
(NSPE), Texas Society,
Member

HONORS

Nueces Chapter TSPE
Engineer of the Year 1998
Univ. of MO Distinguished
Civil Engineering Alumni
2010

Seeking a faster career path and warmer weather, in 1979 he relocated to Corpus Christi, where he first was employed by the **City of Corpus Christi** as **Chief Design Engineer**. Promoted to **City Engineer** (1987), he moved up to **Assistant City Manager—Public Works & Utilities** (1994), **managing 11 City departments with 1100 employees**.

Significant projects during his tenure include permitting, construction and opening of a 2200-acre regional sanitary landfill; permitting, design and construction of the 104-mile, 64-inch diameter raw water Mary Rhodes Pipeline, from Lake Texana to Corpus Christi, augmenting regional water supply. (Water delivery began 24 months after project authorization, fast-tracked by severe drought nearly depleting storage in two existing reservoirs.) He also helped acquire additional water rights from the Lower Colorado River, and construction of Mary Rhodes Pipeline Phase II.

In 1999, Mr. Crull joined **HDR Engineering** as **Vice President** and Manager of the small Corpus Christi office, successfully diversifying HDR's local services and increasing area client base. In 2005, he originated acquisition of *Shiner Moseley Associates*, a large local firm with port and marine structures, and coastal engineering specialties, significantly increasing HDR's capabilities in the South Texas region and coastal United States. During this period of company-wide acquisitions, HDR, Inc. became a larger national, then global engineering and architecture company. He retired as Marketing Director in 2016.

In 2016, Mr. Crull formed **Crull Engineering, LLC** to continue providing quality consulting engineering and program management services to the community and area.

Mr. Crull has a wealth of experience in municipal water (supply, treatment and distribution) systems, wastewater (collection and treatment) systems, storm drainage systems, streets, airport, public buildings, and marina facilities. He also has experience in the administration of city land use ordinances (platting and zoning). He enjoys excellent working relations with numerous organizations including regional cities, Nueces and San Patricio Counties, Texas Department of Transportation, Texas Commission on Environmental Quality, Port Corpus Christi, FAA, EPA, Texas Water Development Board, Nueces River Authority, a broad base of community leaders and consulting firms.

He currently serves on the **City of Corpus Christi Planning Commission** (City Council appointment); **TWDB Region N Water Supply Planning Group**; **Texas A&M University-Corpus Christi Engineering Advisory Council**; member of TAMU-CC and Texas State Aquarium President's Councils; Downtown Rotary. Previously served on United Way of Coastal Bend Board (12 years, 4 as Treasurer), University of MO Engineering Alumni Board (6 years) and Texas Council of Engineering Companies Board (4 Years)

(For Port of CC) Have you been a resident of Nueces County for at least 6 months?

☐ Yes ☐ No

Verification

City Code Requirement - Residency

As a board, commission, or committee member, you will be asked to adhere to City Code of Ordinances, Section 2-65, which states that all members of City boards and commissions, including ad hoc committees, appointed by the City, must be residents of the city. A move outside the city limits of the city by any member shall constitute automatic resignation from the particular board or commission on which such member served.

☒ I Agree

City Code Requirement - Attendance

As a board, commission, or committee member, you will be asked to adhere to City Code of Ordinances, Section 2-61, which provides that absences from more than 25% of regularly scheduled meetings during a term year on the part of any board, commission, or committee member shall result in an automatic termination. An absence shall be deemed unexcused unless excused by the board, commission or committee for good cause no later than its next meeting after the absence.

☒ I Agree

Consent for Release of Information

I understand that if any member of the public makes a request for information included in this application or in any attachment (e.g. resume or supporting documentation) for appointment it is subject to and must be disclosed under the Texas Public Information Act. I understand that under the Texas Public Information Act, my home address and home telephone number is subject to public disclosure unless I am elected or appointed to the position which I seek. I hereby consent to the release of my home address and home telephone number should it be requested under the Texas Public Information Act prior to my possible appointment or election. I hereby release the City of Corpus Christi, and its agents, employees and officers, from any and all liability whatsoever if the information must be released pursuant to the Texas Public Information Act.

Why are you interested in serving on a City board, commission or committee?

To further the quality of place and prosperity of the Citizens of the City of Corpus Christi and the region.
As a native of the Coastal Bend, I strive everyday to do my part in making the City a better place to work
and live. I chose to raise a family, own a business and live in this wonderful City and feel it is my duty to
serve in whatever capacity through which I feel I can affect change for the greater good of the Citizens of
Corpus Christi. For this is a City that I love dearly.

Philip John Ramirez, AIA, RID, LEED AP
Principal / President
Turner | Ramirez Architects

Mr. Ramirez is a Principal and Corporate President for Turner | Ramirez Architects. Established in 1958 Turner | Ramirez is a full-service design firm located in Corpus Christi, Texas. A native of the Coastal Bend, Mr. Ramirez began working for the firm as a Computer Aided Drafter while attending Gregory-Portland High School. After graduating from high school, he continued to work for the firm during the summer's in-between college semesters at the University of Texas at Austin. Upon earning his degree, he returned home to work full time with the firm to complete his internship and licensure as a registered architect in the State of Texas. Mr. Ramirez became a partner in the firm in 2008 and purchased the entire company from its founder the late Jack Rice Turner, AIA in 2015. Mr. Ramirez currently oversees the day to day operations of the company and serves on multiple community boards and organizations. It is with Mr. Ramirez strong commitment to his family, work & community that he looks forward to his own growth and future success of his firm and the Coastal Bend region.

Jon Reily - Senior Vice President, Global Head of Commerce Strategy

Jon Reily is a 25-year eCommerce and global business veteran who founded and sold two successful companies in the first dotcom boom of the 1990s and is well-known as a strategic futurist in next-generation commerce and a frequently sought-after voice in terms of "what's next" in commerce. Reily is a world-wide public speaker and source for international news organizations covering both retail as well as global technology trends. As a frequent newspaper, TV and radio commentator, he has appeared on CNBC, BBC Radio 4, Yahoo Finance, CheddarTV, and been quoted in the Financial Times, The Evening Standard, The Independent, Absatzwirtschaft, Adweek, Forbes, the Washington Post, Business Insider, and the Associated Press as well as many other global publications.

He advises and guides companies from start-ups to global Fortune 500 powerhouses innovate their digital futures. Before joining Isobar, Jon held leadership roles at Amazon.com and Prudential Financial, and most recently was a senior leader at Publicis Sapient where he worked with Fortune 500 companies and top global retailers to advise and counsel how best to transform themselves digitally to stay competitive in the increasingly technology focused world.

In his time at Amazon.com he re-invented how Amazon sells and marketed their 1st-party manufactured devices, such as Kindle Fire and FireTV, and helped create a multi-billion-dollar business division within Amazon. He is a strong advocate of the importance of the customer experience in any digital strategy and that companies who get that right will thrive, and those who do not will not.

"We are in a period of change we have not seen as a society since the industrial revolution. Fundamental changes of how we interact with commerce, the brands we use, and how we acquire those products, are occurring every day and no one can predict where the end-state will be. We tend to think that we are at the top of the bell-curve in terms of digital disruption, that we've been through a lot, and we're almost to the zenith. The truth is that we are just getting started, the biggest changes are yet to come, and they will be amazing. The best is yet to come."

With these views, Reily has been a driving force in the global eCommerce space for nearly a decade. A holder of several patents which underpin the basics of how eCommerce works, he is uniquely positioned to not only assist with the "now" of where companies are in this new world, but also where the "next" is and how best to get there. A successful futurist and forecaster of future trends, Reily is a major factor in the company's toolkit it can offer its customers to help them on their digital journeys.

Education, Professional and/or Community Activity (Present)

Texas A&M University Bachelor in Marine Transportation 1998 Retired State Commissioned Harbor Pilot for the Port of Corpus Christi. Served for 13 years from 2005 to 2018 Licensed Master Unlimited U.S. Coast Guard U.S. Navy Lieutenant Commander, Honorably Discharged in 2010 U.S. Coast Guard Meritorious Public Service Award 2018

Why are you interested in serving on a City board, commission or committee?

I served as a State Commissioned Pilot for the Port of Corpus Christi for over 13 years. Throughout my career as a professional mariner I acquired extensive knowledge of how ports operate nationwide. Later as Port Pilot on the Corpus Christi waterway, I amassed vast vessel operational experience, that can aid in the decision making necessary to assist the growth and sustainability of the Port and surrounding waters under the jurisdiction of the Port Commission. As the former President of the Aransas-Corpus Christi Pilots, the group of expert mariners that guide the vessels in and out of the Port, I have had the opportunity to work closely with the Port Staff, Port Commission, and Pilot Board. During my past time as a Pilot and now as a consultant, I have been involved in the design and feasibility studies for all the new marine facilities that have been developed in the Port of Corpus Christi and its channel improvement projects. I look forward to the opportunity to serve our community and further improve the economic engine of the area.

Question applies to PORT OF CORPUS CHRISTI AUTHORITY OF NUECES COUNTY, TX

(For Port of CC) Have you been a resident of Nueces County for at least 6 months?

☒ Yes ☐ No

Verification**City Code Requirement - Residency**

As a board, commission, or committee member, you will be asked to adhere to City Code of Ordinances, Section 2-65, which states that all members of City boards and commissions, including ad hoc committees, appointed by the City, must be residents of the city. A move outside the city limits of the city by any member shall constitute automatic resignation from the particular board or commission on which such member served.

☒ I Agree

City Code Requirement - Attendance

As a board, commission, or committee member, you will be asked to adhere to City Code of Ordinances, Section 2-61, which provides that absences from more than 25% of regularly scheduled meetings during a term year on the part of any board, commission, or committee member shall result in an automatic termination. An absence shall be deemed unexcused unless excused by the board, commission or committee for good cause no later than its next meeting after the absence.

☒ I Agree

Consent for Release of Information

I understand that if any member of the public makes a request for information included in this application or in any attachment (e.g. resume or supporting documentation) for appointment it is subject to and must be disclosed under the Texas Public Information Act. I understand that under the Texas Public Information Act, my home address and home telephone number is subject to public disclosure unless I am elected or appointed to the position which I seek. I hereby consent to the release of my home address and home telephone number should it be requested under the Texas Public Information Act prior to my possible appointment or election. I hereby release the City of Corpus Christi, and its agents, employees and officers, from any and all liability whatsoever if the information must be released pursuant to the Texas Public Information Act.

If you applied for multiple boards, which boards are you most interested in serving on, in order of preference? (Limit to top three)

N/A

Why are you interested in serving on a City board, commission or committee?

Corpus Christi is the 4th largest port in the US & the leading U.S. Crude Oil export port. I find it crucial to have industry experienced commissioners involved to maintain a competitive edge the Port needs to implement innovated solutions. With plenty of industry coming to the area is equally as important they are properly vetted, and can positively contribute to our community (The M&G Resins bankruptcy is a bad example of this, along with tax disagreements from local refineries, along with loss of containment scenarios that negatively impact our neighborhoods.) For Corpus to thrive and become a City of the Future, it needs to PARTNER with industry (this mean accountability on both sides of the aisle). I am interested in this position because I believe my experience with refineries across US and world, along with my innovated mindset will bring something very much needed to the commission.

Denise Villalobos

Corpus Christi, TX 78410 • (361) 726-5334 [REDACTED]

PROFILE

Experienced engineer with demonstrated history of working in the oil & gas industry. Skilled in Innovation, Client Satisfaction, Team Development, and Problem Solving. Strong project management professional with a Bachelor's Degree focused in Chemical Engineering.

WORK EXPERIENCE

Flint Hills Resources

Project Manager (Pipelines & Terminals)

August 2019 – Present

- Manage a +\$50mm project portfolio for Pipeline & Terminal assets across the State of Texas including expansions projects.
- Develop industry competitive scopes for all projects in terms of cost and schedule with an emphasis on innovated technologies.
- Ensure all work is completed in accordance to Environmental, ROW, API, DOT, RRC, and PHMSA regulations, and laws.
- Align commercial business objectives with that of the facilities, along with holding team members & contractors accountable.

Pinnacle Advance Reliability Technology

Senior Technical Specialist (Global Chevron Account)

August 2018 – August 2019

- Responsible for all technical aspects on a \$135mm Project, including refineries in US, South America, Europe, Asia, and Africa.
- Meet regularly with CVX Global Leaders to discuss improvements, obstacles, opportunities, and data utilization for all sites.
- Set-up new projects with procedures, trainings, deliverable sign-offs, quality management plans, and process improvement tools.
- Manage the Meridium, Quality, and Training Leads along with each site specific refineries technical specialist.

Project Lead (Onsite Chevron Richmond Refinery)

September 2017 – August 2018

- Co-manage the Richmond FEAS Project team of 20, and increased site CPI from 0.80 to 1.27 resulting in \$1.5mm in savings.
- Train each team member in the technical aspects of the project and QC all data entering the Richmond Meridium Database.
- Handle Living Program issues, hurdles, or changes stakeholders are facing with implemented FEAS units and preform audits.
- Report schedule changes, cost variances, resource needs, and abnormal efficiencies to client & management.

Project Specialist (Onsite Chevron Salt Lake Refinery)

June 2017 – September 2017

- Upload revamped inspection task, existing history, and new monitoring locations in to Meridium.
- Quality control deliverables for other CVX sites that had a history of trending errors or untrained resources.
- Close out deliverables for other CVX sites that had pushed up deadlines or impossible timelines with high efficiencies.
- Develop analyst at the home office in Houston on site accountability, client satisfactions, and technical presentations.

Asset Integrity Analyst (Onsite Chevron Salt Lake Refinery)

June 2015 – June 2017

- Systemize and Circitize an array of units at Chevron SLC refinery based on operating conditions and process fluids.
- Identify corrosion damage mechanisms using inspections, process data, plant studies, MOCs, PHAs, and investigations.
- Generate Integrity Operating Window Alarms for loss of containment scenarios based on the damage mechanisms assigned.
- Select Corrosion Monitoring Locations on ISOs for several units in the refinery dependent on Pipe Class & Susceptibility.

Corpus Christi, Texas, 78413
361-443-0425 (cell)
e-mail: [REDACTED]

December 23, 2019
Married

EDUCATION

- March, 1972 Bachelor of Science in Chemical Engineering from Louisiana Tech University in Ruston, Louisiana.
- August, 1973 Master of Science in Chemical Engineering from Louisiana Tech University in Ruston, Louisiana. Received a Texaco Research Fellowship for my M.S. Degree in Chemical Engineering.
- May, 1976 Master of Science in Environmental (Civil) Engineering from Memphis State University in Memphis, Tennessee.
- 1995 to 2000 Part time graduate student in mathematics at Texas A&M University in Corpus Christi. Did not obtain a degree.

DUPONT WORK HISTORY

2012 to Present

Since my retirement from DuPont in 2012, I have worked as a part time contract engineer (AllSourcePPE) for DuPont (now Chemours) . In this position I mentor new engineers and do other engineering consulting work.

2007 to 2012

I was assigned to the HFC-152a Process as the Process Engineer. In this position, I ran process tests for energy conservation, product quality, and reactor optimization. I was also assigned to DuPont's Highly Toxic Material (HTM) Cl₂ Guardian Committee. My responsibility was to ensure that the Corpus Plant met the DuPont Standards for the safe handling of Cl₂. I also audited other DuPont sites (one site was in Asia) for compliance with the DuPont Standards for Cl₂.

2006 to 2007

Took a leave of absence from DuPont to teach full time at Texas A&M Corpus Christi.

2001 to 2006

I provided the technical support for HFC-134a Process at the DuPont Corpus Plant. My responsibilities included process tests, optimization, and product quality.

2000 to 2001

Project Team Leader for a new pharmaceutical product at the DuPont Corpus Christi Plant. I managed the design, construction, and start up of the new system. I was also responsible compliance with the Food & Drug Administration (FDA) regulations.

1992 to 2000

I was assigned to the start up team for a 2nd HFC-134a Process, I worked as a shift engineer and then became the technical lead for this new process. In 1995, in addition to my other responsibilities, I was assigned as the Plant Process Hazards Analysis (PHA) Champion for the Corpus Christi Plant. My responsibility was the coordination of the Plant's PHA program.

1988 to 1992

In 1988 I was assigned to the Project Team to design and build the world's first HFC-134a Manufacturing Facility. This project was in response to the Montreal Protocol (i.e., the ozone depletion issue). Using lab reports and a computer generated flow sheet, I prepared the basic data and design for the middle part of the process. After start up I monitored the process performance, ran process tests, evaluated product quality, provided general support to operations, and followed two expansion projects.

1985 to 1988

In 1985 I transferred to the DuPont Corpus Christi Plant and was assigned to the Aqueous HCl Process. This work involved equipment modifications and process optimization.

1982 to 1985

From 1982 to 1985, I was the Plant Environmental Coordinator at the DuPont Montague Plant in Michigan. This involved permit applications, environmental reports to the State & EPA, compliance monitoring, hazardous waste, air emission inventories, etc.

1973 To 1982

My first assignment was as a process engineer at the DuPont Memphis Plant where I evaluated distillation column performance. I later moved to the Cyanide Waste Treatment System. My last assignment at the Memphis Plant was in the environmental group. In this position I prepared the plant's RCRA permit application and assisted in the preparation of the Plant's NPDES permit application.

WORK HISTORY WITH PINKERTON

For 6 months in 1972, I worked as a construction gate guard at a chemical plant in Baton Rouge, Louisiana. This included shift work on weekends for the main gate and main office building.

WORK HISTORY AT TEXAS A&M-CORPUS CHRISTI (TAMUCC)

During 2006/2007 I was a Visiting Professor at TAMUCC in the Engineering Technology Department. I taught thermodynamics, heat transfer, fluid mechanics, material science, engineering economics, and manufacturing systems. I also organized the safety rules in the Engineering Technology labs. I received a certificate of appreciation by the Program Coordinator when I left TAMUCC to go back to DuPont.

From 2001 to 2006 I was a part time Adjunct Professor at Texas A&M-Corpus in the Engineering Technology Department teaching thermodynamics and heat transfer. Professor Coppinger (Engineering Technology Program Coordinator) instructed me to teach my courses to the level that the students could pass the corresponding sections of the FE Exam.

WORK HISTORY AT TEXAS A&M-KINGSVILLE (TAMUK)

I was a part time Adjunct Professor in the Department of Chemical Engineering, Spring 2014, teaching heat transfer and thermodynamics. I helped start the Engineering Advisory Council for the Dotterweich College of Engineering, Kingsville, and am a Past Chairperson of this Council.

WORK HISTORY AT DEL MAR COLLEGE

In 2015 and 2016 I was a part time instructor in the College's Corporate Services Department. I have taught an Introduction to Corrosion course and a Technical Writing course at the metal plating shop (Army Depot) for their new technicians.

MILITARY HISTORY

Member of the Coast Guard Reserve from June, 1968, to June, 1974. Honorable Discharge at the rank of Engineman Second Class.

PROFESSIONAL ACTIVITIES AND HONORS

DuPont 2003 Engineering Excellence Honoree
Named Engineer of the Year by the TSPE Nueces Chapter in 2016
I obtained my Tennessee P.E. License in 1978 and am now a Registered Professional Engineer in Texas.

Past member of the American Institute of Chemical Engineers (AIChE). I was a past member of the Safety & Chemical Engineering Education Program (SACChE). This sub-committee works with engineering professors on including safety topics in their courses.

Member of the Texas Society of Professional Engineers (TSPE). I'm the past President for the local TSPE Chapter and have been a State Director for TSPE for three years. I've participated in the Society's Math Counts program which helps middle school students become interested in math and engineering.

COMMUNITY ACTIVITIES

Member of the Corpus Christi Veterans Band
Past member of the Corpus Christi Ethics Commission
Past member of the Corpus Christi Transportation Commission.
Past member of the Corpus Christi Bucaraders
Volunteer for KIROs Outside.
Ran for Del Mar Board of Regents (Nov. 2012) and came in 2nd in a field of 4.
Ran for Mayor (Special Election, 2017) and came in 3rd in a field of 8.
