I currently hold a position as Advisory Board for the Corpus Christi Science and History Museum.

Education, Professional and/or Community Activity (Present)

I hold a Bachelor's degree in Applied Arts & Sciences with University of the Incarnate Word. OBJECTIVE: A position with your company offering challenge, responsibility and advancement as merited.

EDUCATION:

1965-1979 **Brownsville High School, Brownsville, Texas**
Del Mar College, Corpus Christi, Texas
Associate Degrees in Applied Science; Industrial Management, and Mid Management

EMPLOYMENT:

2003-██████████ **Defense Logistics Agency. NAS Corpus Christi**
2013 Primary responsibility was with the packing Department. *SEE Attached -*

1987-2003 **Reynolds Metals Co. Portland, Texas**
I started out as a labor and did everything from shoveling mud to tying ocean-going ships to our dock. Once the position of evaporator operator was available I bid on that position and received the job and was operator for ten years. Then the position of heavy equipment operator came up and I bid on it and was successful bidder and stayed at that position for three years. The job of evaporator operator was to make condensate operating nine evaporators and discharge the condensate to the powerhouse for the generators. Heavy equipment operator was mainly operating bulldozers and front loaders supplying the rotary mills with bauxite.

1985-1987 **Warehouse Manager, Texas Marine & Industrial Supply**
Corpus Christi, Texas
Managed warehouse, supervision of warehouse personnel, responsible for one-half million-dollar inventory. The inventory consisted of frozen food, fresh produces, canned goods and dry food, which was for the ocean going ships and drilling contractors, also, commodities for the refineries and industrial customers. My prime duties were to assure everything was rotated properly and all freezers were maintained and proper temperatures were maintained. Records on all equipment were up to date and all personnel processed orders accurately.

1984-1985 **Senior Purchasing Agent, GHR Energy Corp.**
Laredo, Texas
Purchased all commodities of material connected in a gas processing plant. Material consisted of pipe, valves, and fittings.
Major expenditures like pumps, transportation, and process motors was also my responsibility as was assisting the warehouse operation.

1970-1984 Parts and Purchasing Manager, Energy Industries (B.D.Holt)
Started as truck driver and worked up to manager in charge of purchasing all commodities required to build a skid mounted gas compressor from the ground. I was also responsible for warehouse, which housed these parts and the ten people necessary to fill the needs. We also exported Caterpillar parts, which went overseas and had to prepare everything from the waterproof box to the necessary paperwork to export parts.
