Interlocal Agreement with Nueces County for Beach Maintenance

CAPTION:

Resolution authorizing the Interlocal Agreement with Nueces County for exchange of Gulf beach maintenance with the City to maintain and clean a portion of the Gulf beach managed by the County and the County to maintain and clean a portion of the Gulf beach managed by the City. The City will provide beach maintenance from the State Park Boundary to Beach Marker 203. The County will provide beach maintenance from Access Road 6 to Beach Marker 252.

SUMMARY:

This resolution authorizes a Gulf beach maintenance exchange through an Interlocal Agreement with Nueces County. The exchange will provide connectivity allowing the City to provide beach maintenance along approximately .82 miles of County beach along Newport Pass area from State Park boundary to Beach marker 203. The County in return will provide beach maintenance along approximately 1.5 miles of City beaches from Access road 6 to beach marker 252. The beach maintenance will include grading of beach roads as needed, daily litter pickup along the beach, and trash collection from trash containers located within the beach area.

BACKGROUND AND FINDINGS:

The County of Nueces and the City of Corpus Christi both provide beach operations maintenance services that include grading of beach roads as needed to maintain road system and beach elevations, daily litter pickup along the beach, and trash collection from trash containers located within the County beach area.

The purpose of the agreement is to provide connectivity allowing the City to provide beach maintenance along approximately .82 miles of County beach along Newport Pass area from State Park boundary to beach marker 203. The County in return will provide beach maintenance along approximately 1.5 miles of City beaches from access road 6 to beach marker 252.

Each party agrees that the services they are receiving from the other party under this agreement are fair exchange for the services they are providing to the other party, and therefore no additional payments are required.

ALTERNATIVES:

The alternative would be to continue services as they are currently. However, moving forward with this agreement will be a better use of resources by maintaining land in the same area. Prior to this agreement, staff would waste travel time hopping from one area to the next.

FISCAL IMPACT:

There is no financial impact with this agreement.

RECOMMENDATION:

Staff recommends approval of this resolution authorizing the Interlocal Agreement with Nueces County and the City of Corpus Christi for Gulf beach maintenance exchange.
