<p>Fire Apparatus Maintenance Parts and Services for the Corpus Christi Fire Department</p>
--

CAPTION:

Resolution authorizing a three-year service agreement with Siddons-Martin Emergency Group in an amount not to exceed \$1,200,000.00 to provide fire apparatus parts and maintenance services for the Corpus Christi Fire Department with funding in an amount of \$100,000.00 available through the FY 2020 General Fund.

SUMMARY:

This resolution authorizes a three-year service agreement with Siddons-Martin Emergency Group to provide fire apparatus parts and maintenance services for the Corpus Christi Fire Department (CCFD). The purchase of parts and services for CCFD apparatus' is necessary to preserve and protect the public health and safety of the City's residents and are critical in sustaining fire apparatus' reliability for service.

BACKGROUND AND FINDINGS:

CCFD's Fleet Maintenance Division utilize a parts and maintenance services agreement to sustain reliable and dependable fire apparatus', which are valued in excess of \$750,000 each. Fire apparatus maintenance and repairs are critical and are a very complex and intricate part of having operable equipment. This service agreement will cover 40 fire apparatus' that include fire engines and ladders.

The proprietary equipment and features from Pierce Manufacturing require an authorized service center that can assure detailed attention to those items that can prevent costly repairs and replacement of fire apparatus's owned and used by CCFD. Siddons-Martin Emergency Group is an Authorized Service Specialist and is the sole source for Pierce parts sales, services and warranty.

ALTERNATIVES:

An alternative would be not to secure the parts and service agreement. This would cause a delay in obtaining parts and services leading to equipment failure, thus putting the public's safety at risk.

FISCAL IMPACT:

The fiscal impact for CCFD in FY 2020 is \$100,000.00 for the first year of the three-year service agreement, with the remaining cost of \$1,100,000.00 to be funded in future years through the annual budget process.
