G. MINUTES:

1. Regular Meeting of October 13, 2020

A motion was made by Council Member Barrera, seconded by Council Member Roy that the Minutes be approved. The motion carried by a unanimous vote.

H. BOARD & COMMITTEE APPOINTMENTS: (NONE)

I. EXPLANATION OF COUNCIL ACTION:

J. CONSENT AGENDA: (ITEMS 2 - 11)

Consent - Second Reading Ordinances

Approval of the Consent Agenda

Mayor McComb referred to the Consent Agenda. Council members requested that Items 5, 7, 9 and 10 be pulled for individual consideration. Mayor McComb said City Manager Zaroni requested that Item 11 be considered after the executive session item 15.

There were no comments from the Council.

A motion was made by Council Member Hernandez, seconded by Council Member Roy to approve the Consent Agenda with the exception of Items 5, 7, 9, 10 and 11. The motion carried by the following vote:

Aye: 8 - Mayor McComb, Council Member Barrera, Council Member Guajardo, Council Member Hernandez, Council Member Hunter, Council Member Molina, Council Member Roy and Council Member Smith

Abstained: 0

2. Zoning Case No. 0820-02, JAR Development (District 5). Ordinance rezoning property at or near 7872 Yorktown Boulevard from the "FR" Farm Rural District to the "RS-4.5" Single-Family 4.5 District. (Planning Commission and Staff recommend Approval) (Requires 2/3 vote)

This Ordinance was passed on second reading on the consent agenda.

Enactment No: 032240

3. Ordinance authorizing Wastewater Collection Line Construction

Reimbursement Agreement with Grangefield Development, LLC for a planned residential subdivision named Grange Park Unit 3 with completion within 18 months; transferring \$140,000 from the Water Arterial Transmission and Grid Main Trust Fund to the Sanitary Sewer Collection Line Trust Fund; and appropriating \$160,164.94 from the Sanitary Sewer Collection Line Trust Fund, to reimburse the developer per the agreement. (District 5) (Requires 2/3 vote)

This Ordinance was passed on second reading on the consent agenda.

Enactment No: 032241

4. Ordinance authorizing acceptance of a grant from the State of Texas, Department of Transportation for the FY 2021 Click It or Ticket Program for the Police Department in an amount of \$15,000.00 with a City cash match of \$4,266.85 for overtime and fringe benefits with funding available from the General Fund; and appropriating \$15,000.00 in the Police Grants Fund. BRANSCOMB LAW

October 16, 2020

Ms. Rebecca Huerta
City Secretary
City of Corpus Christi

Re: Hurricane Harvey EOC Generator

Dear Ms. Huerta:

I write on behalf of my client, Coonrod Electric Company in advance of its planned public comments at the City Council meeting on October 20, 2020. In short, Coonrod obtained and delivered to the City an emergency electrical generator during Hurricane Harvey, and the City has refused to reimburse Coonrod's costs due to an error in Coonrod's bid.

In August 2017, in the midst of the chaos of Hurricane Harvey, the City asked Coonrod Electric to provide an 800 kilowatt generator to support the City's emergency operations center at 2406 Leopard Street. Coonrod was not the first contractor contacted. But it delivered. Coonrod asked for a written purchase order, but the City directed Coonrod to proceed without one because this was an "emergency purchase" which "superseded standard procedures[.]" Taking the City at its word, Coonrod furnished the generator without a written purchase order. [Attachment 1--Emails].

Coonrod submitted a written proposal to the City to provide the generator. In its haste to render assistance, Coonrod inadvertently left a zero off of the rental rate line item and listed \$1,400 per week instead of \$14,000 per week. [Attachment 2—Proposal]. Coonrod's own cost and the going rate for the generator was \$12,000 per week. The City kept the generator for 47 days to support its backup emergency operations center. Coonrod prepared invoices beginning in September and issued them to the City based on the \$14,000 per week rental rate.

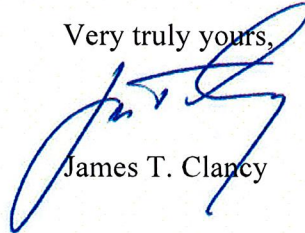

It was only in November, after the generator was returned, the City disputed Coonrod's invoices and refused to pay any more than the \$1,400 weekly rate mistakenly listed in Coonrod's initial proposal. Coonrod explained the mistake and offered to forego all profit if the City would just reimburse its out-of-pocket expenses. The City has refused to budge. The legal doctrine of remedial mistake would remedy this issue between private parties. Coonrod has chosen to bring the issue to the Council.

The San Antonio Court of Appeals has decided a case exactly like this one and ruled in favor of the contractor who made a mistake. In *B.D. Holt Co. v. OCE, Inc.*, 971 S.W.2d 618 (Tex. App.—San Antonio 1998, pet. denied), the San Antonio Court required James T. Taylor & Son, Inc. to rescind a contract to provide a backup generator where the price term was low by \$100,000 and 40% (\$247,610 vs. \$147,610) due to a typographical error. On these facts, the appellate court determined the defense was established as a matter of law and the contractor was permitted to rescind the contract with the typo.

{C2327655.DOCX:3}

The people of this city pulled together during Hurricane Harvey. Coonrod did its best to help. It hopes the city will not attempt to take unfair advantage of the emergency when it requested help. Coonrod has fully paid the third-party company that provided the generator to Coonrod. [Attachment 3—Rental Invoice]. All told, its decision to help the City cope with a natural disaster has cost Coonrod \$136,575.75 in out-of-pocket expenses.

Very truly yours,

Thank you, Danny

I understand and appreciate your concern. This is considered an emergency purchase, and therefore we are permitted to supersede standard procedures to secure the purchase. We have been given the authorization to proceed and are required to follow up with the paperwork to ratify the purchase.

Cindy Ramos will be the contact in ensuring the Purchase Order is executed. The Purchase Order should be in place within a few days.

Adrian/Grace...I understand from my conversation with Adrian this morning that the city cannot issue a PO quickly and we have been issued both a verbal notice to proceed by Adrian and are also in receipt of the written notice to proceed below. We will set the wheels in motion and attempt to secure the generator and confirm our intentions thereafter.

When do you expect us to receive the formal PO? We just wanted to put that note in our file so we have a timeline in mind to follow up if we haven't seen it. We know you all have a lot on your plate and we want to assist be also being responsible.

Again, we're thankful of the opportunity to support you.

Re: Supply an 800kw, 208/120v, 3-phase, 4w, Diesel Generator, Rev. 1

Coonrod Electric Co. (CEC) appreciates the opportunity to submit this proposal to supply and connect (1) 800kw diesel generator.

I. Scope of Work

1. Disconnect the existing generator cables, and abandoned in place.
2. Deliver 800kw generator to City Development building.
3. Set new 800kw generator.
4. Install new 800kw generator cables from generator to existing ATS.
5. Check rotation with a rotation meter.
6. Set ground rod and ground new 800kw generator.

II. Qualifications

1. This proposal is based on setting the 800kw generator trailer adjacent to the existing ATS.
2. This proposal is based on setting cable tray on the ground across side walk to install generator cables from generator to ATS. The City of CC will be responsible to close off this section of sidewalk.
3. This proposal is based on the City of CC to be responsible to check and fill the generator as needed. This 800kw generator has an 800-gallon fuel tank which should provide approximately 12 hours of run time. An additional fuel tank is available if the City of CC ordinances allows.
4. This proposal is based on (4) men, 10 hours to disconnect and reconnect the generator. Actual labor cost will be based on rates supplied with this proposal.
5. This proposal is based on starting the 800kw generator to check voltage and rotation and then shutting the generator down. It does not include a load bank run test or adjusting, setting, calibrating the existing ATS.
6. This proposal does not include removing the existing generator.

EXHIBIT 1

HURRICANE HARVEY EOC GENERATOR--5

Comments by Danny Cook

A. Negotiations with the city

1. My name is Danny Cook, President of Coonrod Electric and I report to my father in law, Tony Coonrod, CEO of Coonrod Electric. Our address is 213 N. Rachal, Sinton, TX 78387.
2. With my time, I will attempt to outline:
 - i. the negotiation attempts with the city, our out of pocket expenses to OSC Energy for the Hurricane Harvey EOC generator,
 - ii. the total out of pocket loss,
 - iii. and the subsequent impact to Coonrod Electric.
3. Mr. Edgar Leonard, Director of Facilities, sent a letter to Coonrod Electric on November 3 contesting the invoices. In this letter, Mr. Leonard attached a hard copy of the PO which was the first time that Coonrod Electric was ever provided an actual hard copy of the PO.
 - i. It's impossible to think that, had we been provided the hard copy PO we would not have corrected our typo right away as the PO from the City is for \$40,000 and just (3) weeks of the rental of the generator alone (not including cabling and connections) cost CEC \$36,000.00
4. Coonrod Electric responded to the City of Corpus Christi on November 14, via letter, providing background to the situation by providing proof of the typo, reminding the City that they did not provide an itemized hard copy PO as they would have in a normal scenario (at which time our accounting and/or procurement department would have noticed the mistake before the generator was procured for rental and installed). In this letter, as a gesture of cooperation, Coonrod Electric offered to forego all profit for the services provided to the city in an effort to recover our costs owed to the 3rd party that provided the generator.
5. On December 7, 2017 Arnold Barrera spoke with Edgar Leonard and Mr. Leonard stated his director, Sylvia Carrillo-Trevino was NOT WILLING TO HEAR OUR CASE and stated the Coonrod Electric would have to pursue other avenues.
6. So, on December 7, I personally began calling city officials and I started with Ms. Carrillo-Trevino and she could not be reached as her line rang and rang with no answer by reception or a voicemail.
7. I then left a message for Mr. Leonard immediately thereafter.
8. I never received a return phone call from either of them, so on December 11, I called Ms. Carrillo-Trevino again and this time, Ms. Alice answered

the phone and asked me what the topic was and stated she would pass the message along

9. I did not receive a return phone call from anyone at the city, so on December 13, I called and left a message for City Manager, Margie Rose.
10. In addition, I sent her an email explaining the situation regarding the generator as well as the lack of return phone calls from Ms. Carrillo-Trevino and Mr. Leonard.
11. Ms. Rose replied to my email that day and stated she was copying Ms. Carrillo-Trevino to ensure I received a response from her and she also thanked me for bringing the matter to her attention.
12. I finally received a phone call (which I missed) and an email from Ms. Carrillo-Trevino on December 14th. Her email stated, "...the claim that the amount was erroneous is simply not factual..."
13. Immediately following reading Ms. Carrillo-Trevino's email, I returned her phone call. For the 1st 30 seconds she was very rude and condescending to me and ultimately referred to the city's attorneys three (3) times. At that point, I asked her if she was encouraging us to get legal counsel to sue the city instead of work things out between us and she responded that the case was closed with the city and she would have no further communication on the subject.
14. At that point, Coonrod Electric was forced to engage Jim Clancy with Branscomb Law and we began our petition, yet again, as a company our size could not fathom losing over \$100,000.
15. On January 12, 2018, Mr. Clancy sent a demand letter to the city again explaining both Coonrod Electric's inadvertent typographical error and again highlighted the City's state of emergency in which it bypassed its own procedures and Coonrod Electric again, to reduce the bill to its actual cost thus foregoing any profit in an attempt to cover its cost with the 3rd party supplier of the generator that was paid in full.
16. The City responded on February 12, 2018 and again uncompassionately denied assisting Coonrod Electric in any way.

B. Status of payments to OSC Energy (3rd Party Generator Provider)

1. Coonrod Electric was billed a total of \$132,476.75 by OSC Energy and Coonrod Electric PAID OSC Energy IN FULL despite non-payment from the city as we honor our obligations to our vendors.

C. Total out of pocket loss to Coonrod and impact on company of loss

1. To date, the city has paid Coonrod Electric \$8,100.32. This leaves us at a loss of \$136,575.75 which is the amount we paid to OSC Energy for the

EOC generator and the \$4,099 that is still owed for disconnecting the generator.

2. Additionally, the lack of payment by the city caused Coonrod Electric tremendous hardship as we were required to increase our line of credit and draw heavily on that line of credit to continue to operate which made it a struggle to support larger projects because the revolver is in place to support ongoing work, not finance a non-payment of such a large amount for an extended period of time.

Thank you for your time.

"Heavy Duty Towing...Since 1964"SM

Dear City Council Members,

I am protesting agenda Item 5: Wrecker Services for City-Owned Vehicles on the grounds the City Charter was compromised:

1. RFB 3070, page 5, Item J, states "Bidders are welcomed and encouraged to attend the bid opening."
2. Two days before the bids were due, Cynthia Perez, Senior Buyer of Procurement & Contracts told me I was not allowed to be present due to Covid-19.
3. Mayor McComb signed an order to work from home on March 27, 2020. This contract was due July 21, 2020. There was plenty of time to accommodate covid instructions for all city contracts that were due this summer.
4. Last week's agenda leads Corpus Christi citizen's to believe that Apollo submitted the lowest bid and that their bid's averages \$165,000/per year. When you review the tabulation, you will find that CCWrecker is the lowest responsive and responsible. They were disqualified; none of the reasons listed on pg 8 of the bid applied.

	CC Wrecker	5. Apollo Towing	6. Texas Wrecker
3-Year Bid	\$509,900	7. \$597,000	8. \$606,000
Bid average	\$169,966.66	9. \$199,000	10. \$202,000

11. This contract needs to be revised and resolicited to include verbiage that avoids comparing apples to oranges as it requests price per unit while the contract states "an amount not to exceed an X amount of dollars per year." AND to restrict which charges may or may not be added under this contract, e.g., recovery services fees, Winchout fees, Labor fees, Equipment/Services:
 - a. Invoice A155164 - \$3,342.50; recovery services
 - b. Invoice A158498 - \$550.00; Winch out services
 - c. Invoice A161769 - \$300.00; Labor
 - d. Invoice A155221 - \$3,000.00; Equipment/Services
 - e. Invoice A154347 - \$225.00; Equipment/Services
 - f. Invoice A161769 - \$300.00; Labor
