

March 23, 2021

To: Corpus Christi Development Services

Project: 4549 Violet Road (Violet Road RV Resort)

Due to setbacks caused from the COVID19 pandemic, many of our contractors and engineers were unable to safely meet the previous extension set for October 1, 2020. With the heart of the pandemic behind us, we have been able to move forward on this project and are ready to break ground.

We would like to appeal the plat expiration and are asking for the City of Corpus Christi Development Services to allow the Violet Road RV Resort project to continue. We hope you consider the unprecedented nature of what everyone has gone through over the last year has had a great impact on the ability to execute projects “normally”. Upon your approval, we will begin construction immediately.

Respectfully,

---

Kalvin Rowlett - Owner
