Job Duties included the rebuilding of brand awareness and customer satisfaction.

I am the head sales of Outside Sales in the South Texas regional branch consisting of Corpus Christi, the Valley (McAllen, Harling, Brownsville), San Antonio, Austin, Laredo, and Victoria.

I instituted and organized a bi-weekly meeting of company Outside Sales Representatives to better understand industry trends and improve sales strategy.

I am responsible for reaching out and reconnecting with lost or disgruntled customers during the positions of the previous occupant who had sullied the reputation.

Additionally, I was tasked with identifying potential prospects across the region that would benefit from partnering with us, and explore their current product usage and benefits of partnership.

I would schedule meetings and lunches with department heads of purchasing for various companies, and speak with the chemists using the tools in their jobs and how we can help. I would often be used as the face of the regional brand, and step into these roles to build relationships with top clients.

My leads are made through pure cold-calling and research efforts on my part, which I utilize through a thorough investigation before making contact to ensure maximum potential conversion.

I am also responsible for being the face of the company in front of customers as I deliver the product along our route, and ensure satisfaction with the product and upselling on what needs are coming up along the way.

Business owners would then agree to which products would be the best fit for their employees and business to partake in, and schedule a time for me to return and educate the employees on benefits being offered before enrolling to ensure proper product education and protections offered.

I would ensure that they understood all policies before leaving, and set up with their electronic tracking options and proper customer care contact for immediate questions on policy or plan coverages and options.
