Why are you interested in serving on a City board, commission or committee?

I believe in this city and believe the airport is one of the keys to our continued growth and prosperity. I am an Aviation geek (though not a pilot) and pre-COVID-19 frequent flier (million miler on American and United). My experience in Congress on the Transportation and Infrastructure Committee dealing with transportation funding, the FAA, TSA, and airlines would make me a huge asset for the Corpus Christi International Airport. The terminal at CCIA is named after my step-grandfather Hayden Head Sr. who was active supporting the airport. I've been interested in the airport since I was a child talking to him about it and riding in the co-pilot seat of his Cessna.

Airport

Why are you interested in serving on a City board, commission or committee?

I have been interested in aviation and airline management my entire life. My Ph.D.dissertation was on the economics of frequent flyer programs, I have been a consultant to airlines (Midwest Express Airlines - Now Frontier Airlines ; Lufthansa; and Emirates Airlines). and have written the business plan for two start-up carriers (Southern Empress Airlines and Pacific Empress Airlines). In my non-aviation career I have been in the Marketing and Pricing field. As of 11 years ago, I teach as a professor at Texas A&M - Kingsville's business school. By increasing service to the CRP airport, local business (and the prospects of my business school students) will increase.
