TOPIC: Low Barrier Shelter

AGENDA ITEM NUMBER (if applicable): n/a

If no agenda item is specified, then this will be considered a general public comment and not a public hearing.

Affordable housing is a noble goal, but the planned build sites and cost of the homes will do little to nothing to help the unhoused community. We must not only help our low income neighbors, but our no income neighbors as well. We NEED a low barrier shelter.

Despite what some individuals have said, a low barrier shelter is NOT a "sanctioned tent city" but an active alternative to having to camp on the street. There's many obstacles to using our current shelters that would not be present in a low barrier shelter, such as drug tests, pet policies, the splitting up of families, cleanliness of the facility and just physical inaccessibility.

A low barrier shelter would provide bathrooms, showers, and laundry access, which will then in turn allow houseless folk to seek employment or substance help. You don't know how much something as simple as a shower and a warm place to sleep can help someone until you've gone without it, as I'm sure many of our housed neighbors got a taste of in the freeze.

Date of Meeting	04-07-2021
Name	Susan Mitchell
Address	Street Address: 40 rock creek drive City: Corpus Christi State / Province: Texas Postal / Zip Code: 78412
Topic	Water waste and street construction
Describe Feedback:	I have been a resident of Corpus Christi for 30 years, I work for a major airline thus traveling the country weekly. I don't understand why our roads continuously seem to be under construction and they never seem to be quite repaired, creating major havoc throughout our beautiful city!!! Our city has the potential to be a beautiful city such as some in Florida or California, who is in charge?????? And why, if we are under a water shortage, why are so many car wash companies being opened?

For as high as our property taxes are it would seem
that our city could get it together!!!!
Frustrated resident, Susan Mitchell

Date of Meeting	04-13-2021
Name	Brittni Young
Address	Street Address: District 3 City: Corpus Christi State / Province: TX Postal / Zip Code: 78415
Topic	Affordable Housing Update and Review of City Infill Housing Incentive Program Guidelines
Agenda Number	26 21-0437
Describe Feedback:	As the city pushes to create affordable housing for low-income families, I look down at the map surprised to see which areas were selected to house our fellow residents. Your familiarity with the map shows that you are quite aware that the housing will be developed at the heart of the heavy industry. It doesn't take a scientist to look out

towards downtown and see the clouds of pollution that consume our skies. This area will house young children who are in the early stages of their child development. We already know that living in that area is becoming unbearable as there are growing concerns of industries like MODA who are currently seeking a permit to emit more pollutants into the surrounding area. This should raise an alarm to revisit putting people in these areas at the risk of their health. I demand that the city council revisit their plans by conducting further research on the long-term effects housing people in these areas will have on their health and their children's health.
