**Staff Summary:**

**Requested Zoning:** The applicant is requesting a rezoning from the “FR” Farm Rural District to the “RS-22” Single-Family 22 District to allow for an existing single-family home to be in a conforming zoning district.

**Development Plan:** The subject property is 0.962 acres in size. The applicant has an existing home that was converted from a small church. The purpose of the rezoning is to bring the property into conformance with the Unified Development Code (UDC), to possibly sell the property to a new owner. Rezoning to the “RS-22” Single-Family 22 District will bring the property into conformity with the development requirements, specifically minimum lot size, set forth in the Unified Development Code (UDC).

**Existing Land Uses & Zoning:** The subject property is currently zoned “FR” Farm Rural District, the property was owned by a Baptist Church until 2010 and was purchased by the current owner in 2011. To the north, east, and west are single-family residential subdivisions zoned “RS-6” Single-Family 6 District. To the south is a remaining large tract zoned “FR” Farm Rural District.

**AICUZ:** The subject property is **not** located in one of the Navy’s Air Installation Compatibility Use Zones (AICUZ).

**Plat Status:** The property is platted.

**Utilities:**

**Water:** 8-inch DIP line located along Violet Road.

**Wastewater:** 10-inch PVC line located along Violet Road.

**Gas:** 8-inch Service Line located along Violet Road.

**Storm Water:** 60-inch RCP line located along Violet Road.

**Plan CC & Area Development Plan Consistency:** The subject property is located within the boundaries of the Northwest Area Development Plan and is planned for government uses. The proposed rezoning to the “RS-22” Single-Family 22 District is generally

consistent with the adopted Comprehensive Plan (Plan CC) and warrants an amendment to the Future Land Use Map (FLUM). The following policies should be considered:

- Encourage orderly growth of new residential, commercial, and industrial areas (Future Land Use, Zoning, and Urban Design Policy Statement 1).
- Promote a balanced mix of land uses to accommodate continuous growth and promote the proper location of land uses based on compatibility, locational needs, and characteristics of each use (Future Land Use, Zoning, and Urban Design Policy Statement 1).
- Encourage residential infill development on vacant lots within or adjacent to existing neighborhoods. (Future Land Use, Zoning, and Urban Design Policy Statement 3)

**Department Comments:**

- The proposed rezoning is consistent with the adopted Comprehensive Plan (Plan CC), compatible with the adjoining properties, and does not have a negative impact upon the adjacent properties.
- The existing structure was constructed in 1980 on platted property that was annexed into the City in 1962. The church was converted to a home in 2010-2011.

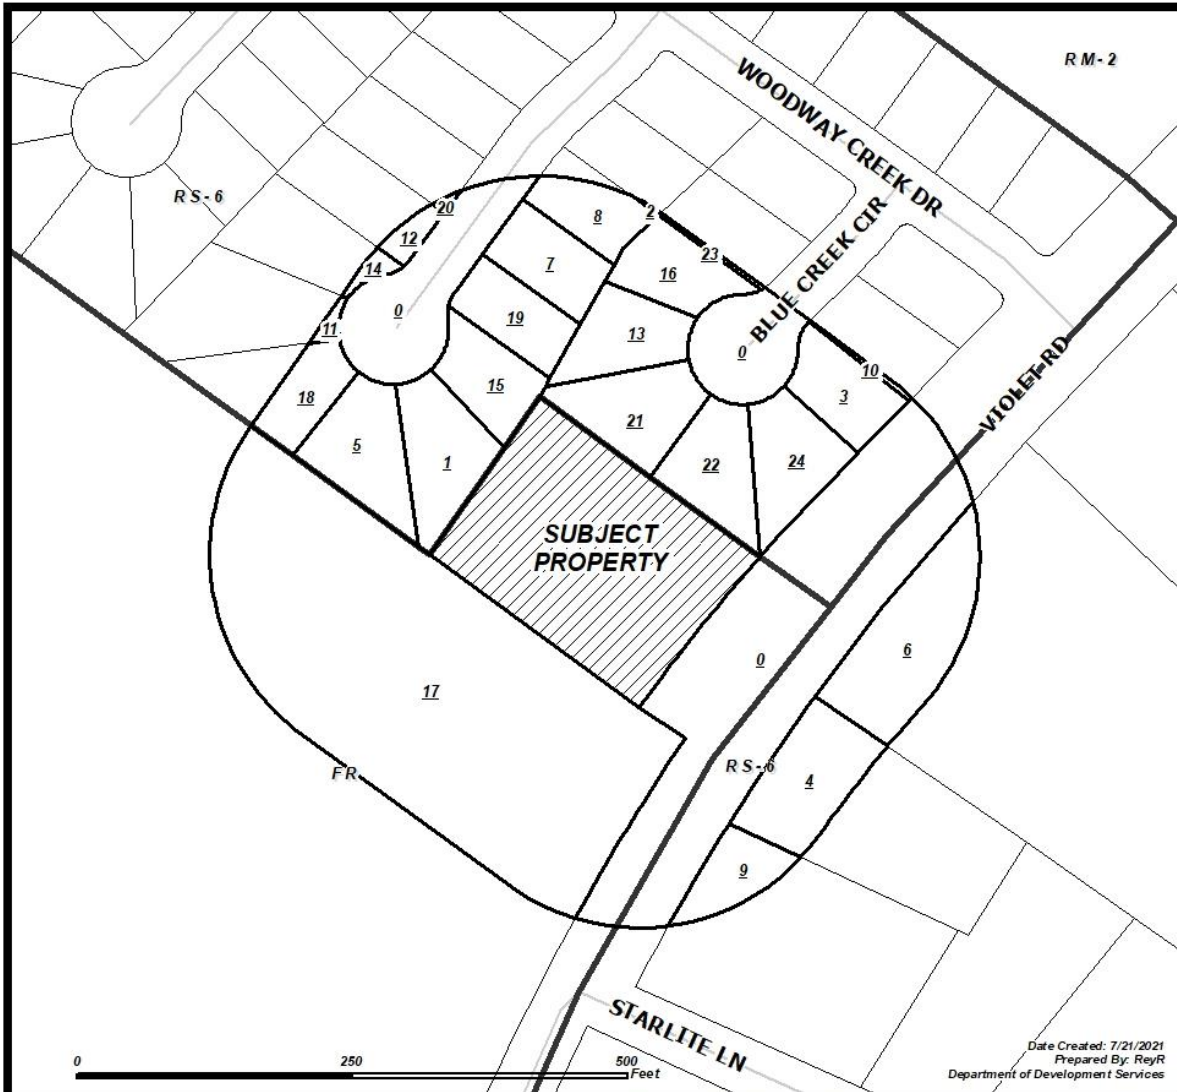

**Staff Recommendation:**

Approval of the change of zoning from the “FR” Farm Rural District to the “RS-22” Single-Family 22 District.
