Corpus Christi
REGIONAL ECONOMIC
DEVELOPMENT CORPORATION

Corpus Christi B Corporation

At the monthly meeting held on June 10, 2021, the Board of Directors of the Corpus Christi Regional EDC voted unanimously to recommend to the Type B Board an incentive of up to \$4,000,000 for the Texas A&M University – Corpus Christi (TAMU-CC) Lone Star Unmanned Aircraft Systems Center to support modernization and infrastructural needs related to the expansion of LSUASC and drone-related efforts of the Office of Economic Development and Industry Partnerships, iPORTs, and the Center of Innovation in Emergency Management to contribute to the expansion of economic development opportunities related to drones in Corpus Christi. Growing this program and its operations is a direct investment in the economic development of the Coastal Bend, as well as its attractiveness to a growing business market in drone research and innovation.

Respectfully,

Iain Vasey
President/CEO
