Re: Reimbursement Agreement – BUS Tasty Bites (702 N Chaparral St.)

Mr. Alaniz,

I would like to request an extension of the Completion Date in the Reimbursement Agreement with BUS Tasty Bites for an additional six (6) months to **February 28, 2022**. The project has experienced a few supply chain and contractor delays which then caused delays in submitting our permit which is under review as of August 18, 2021. Our shipping container has been purchased along with much of the materials. Upon receipt of the permit, our contractor will mobilize on site and begin construction. We are fully committed to completing this project and look forward to welcoming the TIRZ #3 Board upon completion.

Please let me know if you have any questions regarding my project. Thank you.

Sincerely,

A handwritten signature in cursive script that reads "Lesley Lomax".
