B. Zoning

New Zoning

8. [16-1196](#)

Case No. 1016-02 - Jose G. Sanchez and Hector V. Sanchez: A change of zoning from the "CG-2" General Commercial District to the "IL" Light Industrial District. The subject property is located at 3838 Acushnet Drive. The property to be rezoned is described as Lot 13, Block 7, Saratoga Weber Plaza, located on the north side of Acushnet Drive between Weber Road and Jefferson Road.

Laura Sheldon, Development Services, read item "8" into record as shown above. Ms. Sheldon presented several aerial views of the subject property. She stated the purpose of the rezoning request is to allow construction of a single story 5,000 square foot building to be used as an automotive repair facility with services expanded beyond light repair work to include heavy vehicle services. For heavy vehicle service, "IL" Light Industrial District would be a suitable use. The properties immediately to the east and west of the subject property are both zoned "IL" Light Industrial District and have a similar use of vehicle service. Light Industrial District zoning would conform to the surrounding east and west zoning and not significantly alter the present neighborhood conditions. She informed the Commission that zero public notices were returned in favor or opposition. Staff recommended approval of the requested change of zoning.

After Staff's presentation concluded, Chairman Ramirez opened the public hearing. Representing the owner, John Kendal at 5866 South Staples Street, addressed the Commission and specified which type of trucks are to be serviced on the property. With no one else coming forward, the public hearing was closed. A motion to approve item "8" was made by Commissioner Baugh and seconded by Commissioner Dibble. The motion passed.

9. [16-1197](#)

Case No. 1016-03 - Durrill Farms, LLC: A change of zoning from the "IH" Heavy Industrial District to the "CI" Intensive Commercial District. The property to be rezoned is described as being a 2.6-acre tract of land out of Lot 1, Block 2, Port Addition, located between Port Avenue and Brewster Street and between Tanchua Street and Broadway Street (US Hwy 181).

Ms. Garza Montalvo read item "9" into record as shown above. Ms. Garza Montalvo presented several aerial views of the subject property. She stated

the purpose of the rezoning request is to allow construction of a seven story, 156,667 square foot hotel with 196 rooms. The subject property is located within the boundaries of the Central Business Area Development Plan and is designated for commercial uses. The proposed rezoning to the "CI" Intensive Commercial District is consistent with the Comprehensive Plan and the Future Land Use Map. The rezoning is compatible with the present zoning and conforming uses of nearby property and to the character of the surrounding area; does not have a negative impact upon the surrounding neighborhood. The property being rezoned is suited for the uses permitted by the requested district, "CI" Intensive Commercial District. She informed the Commission that zero public notices were returned in favor or opposition. Staff recommended approval of the requested change of zoning.

After Staff's presentation concluded, Chairman Ramirez opened the public hearing. With no one coming forward, the public hearing was closed. A motion to approve item "9" was made by Commissioner Baugh and seconded by Commissioner Hovda. The motion passed with Commissioners Dibble and Hastings abstaining.
