Michael Dice, Assistant Director of Development Services, read items "14 & 15" into the record as shown above. He informed the Commission the applicant has submitted a second request to table both items to the October 2, 2019 Planning Commission meeting. The plat for item "15" has been resubmitted to review/address setback issues that were discussed at the last meeting (September 4, 2019). A motion to table items "14 & 15" to the October 2, 2019 Planning Commission meeting was made by Vice Chairman Baugh and seconded by Commissioner Hovda. The motion passed.

E. Planned Unit Developments**16. [19-1333](#) Public Hearing - An Amendment to an Existing PUD at or near 14836 Granada Drive****Case No. 0117-01 (0819-03) - SuperElite, LLC:**

An amendment to an existing "RM-AT/IO/PUD" Multifamily AT District with the Island Overlay and a Planned Unit Development at or near 14836 Granada Drive (located along the north side of Granada Drive and west of Leeward Drive).

Andrew Dimas, Development Services, read item "16" into the record as shown above. For location purposes, he presented several aerial views of the subject property along with the Existing and Future Land Use maps. The purpose of the request is to allow for the a 27-unit single-family development. He also displayed a master site plan to illustrate the lot configuration. He informed the Commission that of the 55 public notices that were mailed, zero notices were returned in opposition of the change of zoning request and zero notices were returned in favor.

Mr. Dimas went over the history of zoning patterns; existing land uses for the surrounding area and UDC requirements for the rezoning as well as available municipal facilities. He presented a table comparing the proposed PUD development standards with the UDC standards for the "RM-AT" and "RS-TH" Districts which noted the deviations being requested by the applicant. He proceeded to describe the two proposed amendments to the original approved PUD. The applicant is requesting relief from the maximum building height limitation of 45 feet and to allow for short term rentals. Staff recommends approval of the amendment to the existing approved PUD to allow short term rentals and eliminate the height limitation.

After Staff's presentation Chairman Crull opened the floor for Commissioner comments/questions. Chairman Crull suggested that the condition of height limitation remain but changed to a maximum of 60 feet. Discussion also took place regarding Hotel Occupancy Tax (HOT). After discussion concluded, Chairman Crull opened the public hearing. With no one coming forward the public hearing was closed. A motion was made by Commissioner Dibble to approve Staff's recommendation for item "16" with an amendment for a maximum height of 60 feet for any structure on the property. The motion was seconded by Commissioner Hovda and the motion passed with Commissioner York abstaining.

Public Hearing - Rezoning Property at or near the 1000 Block of Sixth Street

Case No. 0819-02 - Fish Pond Development, LLC:

Ordinance rezoning property at or near the 1000 Block of Sixth Street (located north of Buford Avenue, south of Hancock Avenue, east of Seventh Street, and west of Fifth Street) from the "RM-3" Multifamily 3 District and "ON" Neighborhood Office District to the "RM-3/PUD" Multifamily 3 District with a Planned Unit Development.

Mr. Dimas read item "17" into the record as shown above. For location purposes, he presented several aerial views of the subject property along with the Existing and Future Land Use maps. The Future Land Use Map designates the area for mixed use development. The property currently sits on vacant land and the purpose of the request is to allow for the construction of a 112-unit senior housing community. The developers recently acquired Sea Gulf Apartments with the intent to relocate the residents to this proposed development. Concurrently, the developer is requesting that the Department of Housing and Urban Development (HUD) transfer the Section 8 Contract and relocate the residents to the new development. He also displayed a master site plan to illustrate the lot configuration. He informed the Commission that of the 42 public notices that were mailed, two notices were returned in opposition of the change of zoning request and zero notices were returned in favor.

Mr. Dimas went over the history of zoning patterns; existing land uses for the surrounding area and UDC requirements for the rezoning as well as available municipal facilities. He presented a table comparing the proposed PUD development standards with the UDC standards for the "RM-3" District which noted the deviations being requested by the applicant. As part of the PUD submittal, the applicant is requesting a reduction of the required number of

off-street parking spaces. The current development (Sea Gulf Villa) was surveyed to determine private vehicle ownership. Of the 116 tenants, only 30 tenants own private vehicles. Therefore, the provided 71 off-street parking spaces will adequately serve the housing complex. This PUD does not have any proposed balconies and limited windows that will face the existing single-family neighborhood to the west. These windows will be proposed as translucent (light goes through it but objects on the other side can't be seen clearly). Staff finds that the proposed deviations are acceptable and recommend approval of the change of zoning with the following conditions:

1. Planned Unit Development Guidelines and Master Site Plan: The Owners shall develop the Property in accordance with Fish Pond Living at Corpus Christi Planned Unit Development (PUD) Guidelines and Master Site Plan. The development of the Property is to consist of a 112- unit senior housing development.

2. Other Requirements: The PUD conditions listed herein do not preclude compliance with other applicable UDC and Building and Fire Code Requirements.

3. Time Limit: This Planned Unit Development (PUD) shall be compliant with Section 3.5.9. of the Unified Development Code (UDC).

After Staff's presentation Chairman Crull opened the floor for Commissioner comments/questions. After discussion concluded, Chairman Crull opened the public hearing. With no one coming forward the public hearing was closed. A motion was made by Vice Chairman Baugh to approve Staff's recommendation for item "17" as presented. The motion was seconded by Commissioner Hovda and the motion passed.
