A Council Member thanked Director Martinez and his team for their work on this item.

Council Member Molina made a motion to approve the motion, seconded by Council Member Smith. This Motion was passed and approved with the following vote:

Aye: 9 - Mayor Guajardo, Council Member Barrera, Council Member Hernandez, Council Member Hunter, Council Member Lerma, Council Member Martinez, Council Member Molina, Council Member Pusley and Council Member Smith

Abstained: 0

Enactment No: M2021-044

O. FIRST READING ORDINANCES: (ITEMS 21 - 23)

- 21.** Ordinance rejecting the apparent low bid of Burnside Services, Inc. as non-responsive for lack of related experience and awarding a construction contract to Clark Pipeline Services, Corpus Christi, Texas, for the reconstruction of Leopard Street from Palm Drive to Nueces Bay Boulevard, located in Council District 1, with new asphalt pavement and utility improvements in an amount of \$5,262,457.37 with FY 2021 funding available from Bond 2018, Bond 2016, Storm Water, Wastewater, Gas, and Water Funds.

Mayor Guajardo referred to Item 21.

Director of Engineering Services Jeff Edmonds stated that there are three actions being taken with this item: awarding a construction contract for a 2018 proposition A arterial road reconstruction project; rejecting low bidder as non-responsive; and aligning the funding to do the project.

Council Members, Director Edmonds, City Manager Peter Zanoni, Director of Finance Heather Hurlbert, Chief Financial Officer Constance Sanchez and Director of Public Works Richard Martinez discussed the following topics: Council Members' concern with the process of hiring bidders; a Council Member's request to create a street program for bids on concrete versus asphalt; a Council Member's opinion that Leopard Street should be made of concrete because it is in a heavy industrial area; there is currently a Council policy in place for asphalt and concrete streets; a Council Member's request to pre-qualify new contractors before they prepare a bid; the three types of bonds that are required on construction projects are bid, performance and payment; the City's policy is to award to the lowest, responsive and responsible bidder; a Council Member's perception that staff decisions are being based on an opinion and not on criteria; the projects presented by the contractor with the bid were not projects that were in similar complexity or size to the project for the contract that was being awarded; the contractors have the option of attending a pre-bid conference to ask questions and provide qualifications before bidding; a Council Member's concern about moving funds from the 2016 residential streets bond for this project; a Council Member's concern that the bid difference was almost \$700,000 and the accountability to use taxpayers' money appropriately; a Council Member's request for another discussion on the concrete versus asphalt policy; there are maintenance issues for both asphalt and concrete; the City seems to fall short on materials testing and inspection; and spends about one percent of construction value on materials testing.

Council Member Lerma made a motion to approve this ordinance, seconded by Council Member Pusley. This Ordinance was passed on first reading and approved with the following vote:

Aye: 7 - Mayor Guajardo, Council Member Hunter, Council Member Lerma, Council Member Martinez, Council Member Molina, Council Member Pusley and Council Member Smith

Nay: 2 - Council Member Barrera and Council Member Hernandez

Abstained: 0

- 22.** Ordinance authorizing a four-month service agreement with Lindamood Inc., for an amount not to exceed \$212,378.00 for demolition of Aircraft Hangar One at the Corpus Christi International Airport; appropriating funds from the unreserved fund balance of the Airport Capital Reserves; and amending the budget.

Mayor Guajardo referred to Items 22-23.

There were no comments from the Council.

Council Member Pusley made a motion to approve Items 22-23, seconded by Council Member Molina. These Ordinances were passed on first reading with one vote and approved with the following vote:

Aye: 9 - Mayor Guajardo, Council Member Barrera, Council Member Hernandez, Council Member Hunter, Council Member Lerma, Council Member Martinez, Council Member Molina, Council Member Pusley and Council Member Smith

Abstained: 0

- 23.** Ordinance appropriating \$202,931.55 from the unreserved fund balance in the Airport Operating Fund for the purchase of parking/revenue control systems, pay-on-foot machines, booths, and canopies for Corpus Christi International Airport and amending the budget.

See Item 22 for vote.

P. BRIEFINGS: (ITEM 24)

- 24.** Activities of the Port of Corpus Christi Authority as presented by the City appointees to the Port Commission of the Port of Corpus Christi Authority, Nueces County, Texas

Mayor Guajardo referred to Item 24.

Port of Corpus Christi Vice Chair and Commissioner Richard Valls, Jr. presented information on the following topics: the Energy Port of the Americas; record numbers in 2020; financial summary; key 2020 highlights; 2021 budget; Texas 87th Legislature-Bills filed; Senate Bill 275 by Hinojosa; Senate Bill 278 by Hinojosa; Senate Bill 782; proposed Bill by PCCA; and Nueces County Bill.

Council Members, Vice Chair Valls, Port of Corpus Christi CEO Sean Strawbridge, Port Commissioner David Engel, Port Commissioner Rajan Ahuja,

City Manager Peter Zanoni and Chief External Affairs Officer Omar Garcia discussed the following topics: the Port's goal is to create economic growth and jobs, maintain infrastructure and create new infrastructure; the Port is investing \$155 million for Harbor Island; Port Aransas City Council has not ruled for or against the legislation; this bill would allow municipalities to tax improvements on this property; Council Members' concern that there is a lack of communication between the Port and the City; the desalination workshop that was scheduled prior to November was cancelled and could have improved communication; according to the Port's policy, they do not put up property for sale; the Port does not intend to compete with third-party developers; the decisions the Port makes impact the City and the County; budgets are going to be challenged for school districts and municipalities due to COVID-19; the Port Commissioners are strategic regarding properties they purchase; the Port's investments are geared towards industries and Port related projects; City staff and Port staff meet every two weeks regarding desalination; the Port Commission directed staff to work with City staff on developing language acceptable to the City for the Port's desalination permit; there are options and time for filing the legislation bill; a Council Member's suggestion to get the legislation in as soon as possible; the City of Corpus Christi is the regional water supplier to seven counties; the Port is moving forward with the desalination permit; the City and Port of Corpus Christi's goal is to have an uninterrupted water supply; the Port is one of the greatest economic generators in the community; the importance of scheduling a desalination workshop between the City and the Port of Corpus Christi; and scheduling quarterly presentations to Council.

Madam Secretary, Mayor, Members of the Council, my name is Errol Summerlin and I live in Portland. I am a member of the Citizens Alliance for Fairness and Progress, a group that was formed in January 2015 to oppose the discriminatory actions being taken against the residents of the Hillcrest and Washington and Coles neighborhoods.

The Planning Commission and City staff are spot on in their decision and recommendation to deny the zoning change and yet, seven of you have snubbed that notion, that the vision for Hillcrest, the Washington and Coles neighborhoods can play a part in the revitalization of the area; that the Downtown Development Plan should somehow avoid these neighborhoods; they are disconnected from the future of revitalization.

That's been the problem since the early years of this City's foundation...from the early days of segregating the African American residents to the Washington and Coles neighborhoods to the city's acquiescence to allow them to move to Hillcrest, then the follow-up of neglect and disregard for all those who lived there for decades.

The Decree in the Title VI Civil Rights Complaint against the new Harbor Bridge project confirmed and re-stated the historic institutional discrimination against these neighborhoods and demanded a re-assessment of values.

From that, came a vision for the future that would recognize and embrace the cultural and historic significance of the area. You should all take some time to learn more because it is evident from last week's discussion, you just don't get it.

Few, if any of you, have ever spoken to long time residents of these neighborhoods. Do you even know who Reverend Grant was? Have you spoken to Reverend Henry Williams? Have you spoken to anyone at thechurch.

Your eyes would be opened to what you never saw or cared to pay attention to.

Mayor Guajardo understands and so does Councilman Lerma. But I see reflections of the past when I heard the rest of the Council discuss this on February 23rd. Last year, when this was brought to the former Council, the Council deferred to Everett Roy and denied the Permit; not so now with Councilman Lerma.

Councilman Hernandez suggests that the City staff revisit the plans for Washington and Coles and even throws in Hillcrest too, presumably to rethink the future of the neighborhood that the citizens of Corpus Christi worked for 2 and a half years developing and disregard the agreements set forth in the Civil Rights Complaint.

Some of you are making a big deal about the wastewater treatment plant being nearby. I will remind you that there was

another Title VI Civil Rights Complaint filed against the City over that facility. Perhaps you should go back and look at the plans for that facility that were agreed to in the 2008 Consent Decree in settlement of that Complaint. The landscaping requirements that included a wall, trees, and green space were intentionally designed to enhance the visuals of the plant for future improvements in the area.

Granting this Special Permit is continued evidence of institutional discrimination against these neighborhoods; you don't think about what you do, but the signal and disparate treatment is clear to whom it matters.

And for what, a little tax revenue...to provide some lighting and your perceived notion that increasing industrial activity will make the neighborhood safer?

Rubbish.

If you let one in, others will clamor to do the same and you will find yourself on a irreversible path to continued degradation of the area making it impossible to achieve the vision in Plan CC that so many worked for. This action is simply a reflection in the mirror of past Councils.

I ask that you deny the Special Permit approved during First Reading. Thank you.

Topic	Rezoning-Northside Manor
Agenda Number	5
Describe Feedback:	Again we are denied our voice it may seem business as usual for some ,but not for all, I cannot believe that any one would vote against all persons involved, including planning and city staff city staff recommendations I feel not enough information has been

Provided to new council persons. A thank you for the two votes against

Since we are not allowed to attend meetings and some people do not have access to this method
WE ARE NOT BEING
HEARD
AGAIN WE ASK TO MEET WITH ALL COUNCIL
THIS IS AN INVITATION to have conversation,
Missed last meeting dealing with broken pipes , still have no water, but majority council made decisions concerning our neighbors, can't get anyone to address street issues, lighting issues, but you voted for laydown yard,

Topic	Safe Bike Paths with Physical separation from Road ways and Pedestrian ways - Rezoning Property at or near 7601 Yorktown Boulevard
Agenda Number	21-0055
Describe Feedback:	Since this area will be for families, there must be safe bicycle paths with physical separation from pedestrian ways and road ways. Fences, poles, boulders or even concrete islands have been used to keep cyclists safe. Painting a line on the road is

not enough.

Would you feel safe riding your bike like that?
Would you encourage your children to ride on the road like that?

Also, we have seen on streets like Brockhampton that paint on the road is used as parking spots making it more unsafe for cyclists.

Every garage has a bike in it for children. There is a clear demand for cycling but no consideration in city planning. If you truly want to develop this area for families, then safe bike paths with physical separation from the roads are a must.

Attached is a full bike rack at Kaffie Middle school that shows cycling demand. Also, I provided examples of ideal bike paths with their dimensions.

Helmets are not enough protection from a vehicle collision.

Concrete curbs can either be cast in place or precast. This element is more expensive to construct and install but provides
