Service Agreement for Emergency Medical Services (EMS) Billing and Collection Services

Motion authorizing the City Manager or designee to execute a service agreement with Advanced Data Processing, Inc., a subsidiary of Intermedix Corporation of Fort Lauderdale, Florida for Emergency Medical Services "EMS" Billing and Collection Services in accordance with Request for Proposal No. 984, based on best value with a not-to-exceed amount totaling \$9,351,660.00. The contract not-to-exceed amount is the possible amount based on a 100% collection rate, and does not include the potential revenue that will be owed to the City. The current collection rate in 2015 was 36.95%, and in 2016 it was 39%. The recommended contractor has outlined a program to increase the collection rate. The term of the contract will be for three years with up to two additional one year extension option periods.
